Grammar in Context Sandra N. Elbaum, 2001 National Geographic Learning's best selling grammar series now has more of what works for students and teachers. Students learn more, remember more and use language more effectively when they learn grammar in context. *Grammar in Context* Fifth Edition presents grammar in interesting, informative readings and then recycles the language and context throughout every activity. The fifth edition of *Grammar in Context* has MORE MORE visual support including an exciting new four color design to help students navigate through the program. MORE connection between grammar and writing demonstrated through writing models and enhanced by more editing practice for relevant application of target grammar points. MORE technology support for the teacher and student. Online Lesson Planner offers time saving solutions for the busy instructor. Online Workbook features additional exercises that learners can access in the classroom, language lab or at home. MORE contemporary and relevant readings and topics like the Hudson River plane landing, President Obama, social networking and more. MORE accessible and contextualized grammar charts and presentations provide added clarity.

The Cambridge Handbook of English Corpus Linguistics Douglas Biber, Randi Reppen, 2015-06-25. The Cambridge Handbook of English Corpus Linguistics (CHECL) surveys the breadth of corpus based linguistic research on English including chapters on collocations, phraseology, grammatical variation, historical change and the description of registers and dialects. The most innovative aspects of the CHECL are its emphasis on critical discussion, its explicit evaluation of the state of the art in each sub discipline and the inclusion of empirical case studies. While each chapter includes a broad survey of previous research, the primary focus is on a detailed description of the most important corpus based studies in this area with discussion of what those studies found and why they are important. Each chapter also includes a critical discussion of the corpus based methods employed for research in this area as well as an explicit summary of new findings and discoveries.

Avanzando Sara L. de la Vega, Carmen Salazar, 1994-01-26. Designed to appeal to today's diverse student population, this is the only book that successfully addresses both native and non native speakers. Engaging and varied, it teaches grammar through contextualized exercises and activities based on language proficiency, songs, poems, cultural readings and literary selections. This edition includes greater emphasis on cultural material and vocabulary, expanded exercises, numerous self tests and laboratory drills which focus on listening as a skill.

Mosaic Reader □ 5 Urmila Chowdhury, *Mosaic* a complete multi skill package is based on the ICSE pattern. Through its child centred interactive approach it brings out the best of both modern and traditional ELT practices.
