Ground And Grammar Of Theology Consonance Between Theology And Science:

The Ground and Grammar of Theology Thomas Forsyth Torrance, 2001 Will the theologian ever be reconciled with the scientist T F Torrance discusses the implications for Christian theology of a transition from the two great dualist cosmologies of the past the Ptolemaic and the Copernican Newtonian to a non dualist Einsteinian cosmology which might seek to integrate the assumptions of science and religion by elucidating the unity of being and form substance and structure Torrance maintains that the continuing dialogue between theological and natural sciences will benefit both fields of study

Back cover T. F. Torrance's Christological Anthropology Christopher G. Woznicki, 2022-06-01 This book demonstrates the promise of Christology for developing Scottish theologian T F Torrance's theological anthropology T F Torrance's Christological Anthropology Discerning Humanity in Christ engages with several key themes in Torrance's theological anthropology and considers how each one of these topics anthropological method the metaphysics of human nature the imago Dei personhood vocation human destiny can be further developed in light of Christ Christopher Woznicki argues that Christology not only holds promise for the task of developing Torrance's insights on humanity but also for developing a constructive account of humanity The volume is valuable reading for scholars of T F Torrance's theology and for those who are interested in the role of Christology in theological anthropology

T. F. Torrance as Missional Theologian Joseph H. Sherrard, 2021-06-01 What contribution can T F Torrance make to the discussion of a missional view of the church Theologian and pastor Joseph Sherrard considers how Torrance's theology can inform the church's understanding of its ministry and mission in particular his appeal to the church's participation in the ascended Christ's threefold office as king prophet and priest

T. F. Torrance's Reconstruction of Natural Theology Alexander J. D. Irving, 2019-07-15 T F Torrance's proposal for natural theology constitutes one of the most creative and provocative elements in his work By re-envisioning natural theology as the cognitive structure of theology determined by God's self-revelation in Jesus Christ and not as the task of philosophically reflecting on the nature or existence of God aside from religious presuppositions Torrance moves through and beyond Barth's resistance to natural theology This book establishes Torrance's unique reconstruction of natural theology within its proper intellectual context providing a fresh analysis of this important methodological innovation as it emerges from Torrance's realist epistemology As Irving demonstrates in Torrance's distinctive conception of science he operated with an approach to cognition that functions via a realist synthesis of experience and understanding and in Torrance's theological science this synthesis of experience and understanding is the synthesis of revealed theology and natural theology The author argues that this reconstruction of natural theology expresses a dramatic vision for human agency within theological cognition adding the necessity of the human knowing subject to the priority of the divine revealer Finally this book marries Torrance's accomplishments in reconstructing natural theology to his Christocentric theological method in which God is both revealed and known in the person of Jesus Christ fully God and fully human

Trinitarian Doxology Kevin J. Navarro, 2023-01-26 Liturgical theology tends towards the anthropocentric focussing primarily on the behaviour of the worshippers The theology of Thomas F and James B Torrance however provides an alternative approach a Trinitarian and Christocentric study of liturgy which decentralises the worshippers position in liturgy and focusses instead on Christ the One who is worshipped In *Trinitarian Doxology* Kevin J Navarro examines the Torrances theology explicating and illuminating their work whilst simultaneously providing critical analysis which provides a lens for deeper understanding

Flesh and Blood Daniel Jordan Cameron, 2016-10-12 If you were told that Christ assumed a fallen human nature how would you respond This statement makes many uncomfortable because they believe that to agree with this statement would sacrifice the sinlessness of Jesus Others have said that this view is heretical and completely undermines what scripture teaches But does it In *Flesh and Blood* Daniel J Cameron examines this idea and its critics such as Oliver Crisp and Kevin Chiarot to see if it is possible to say that Christ did in fact assume a fallen human nature Daniel examines one of the most well known proponents of this view T F Torrance to see if his arguments can overcome those who have critiqued him Daniel begins by explaining the fallen nature view from the perspective of Torrance He then moves to explain some of the biggest critiques of this view and then in chapter 4 seeks to find an answer to the critics This book ends by examining the role of the Holy Spirit in the life of Christ as it pertains to this question

Jacob and the Night of Faith Gregory Scott Gorsuch, 2024-01-11 In retrospect Karl Barth conceded that everything which needs to be said considered and believed about God the Father and God the Son might be shown and illuminated in its foundation through God the Holy Spirit Nevertheless he refrained from doing so because it was still too difficult to distinguish between God's Spirit and man's spirit and so it was then However the late twentieth century explosion in various disciplines of thought now provides greater discernment between human and divine spirit a better understanding of the logic of spirit and the concept and role of spirit in distinction to mind and body Gorsuch's theological interdisciplinary investigation into the analogia spiritus and a Christian perichoretic relational ontology brings new meaning and coherence to previously difficult scriptures Moreover it provides the fundamental landscape for addressing issues of profound theological consequence 1 redressing the death of transcendence with a new understanding of relational dynamics through which free temporal and self determining human beings might mutually relate with an Eternal God of providence 2 laying the framework for a viable Christian pluralistic hypothesis in an increasingly pluralistic world and 3 providing an

enriched theological anthropology for addressing human spirit origins and theodicy **Evangelical Calvinism** Dr. Myk Habets, Bobby Grow, 2017-05-04 Continuing the discussion initiated in volume one volume two of Evangelical Calvinism further articulates the central motifs of this mood within Reformed theology by examining themes having to do with dogmatics and devotion After further clarifying the methodological and dogmatic aspects common to an Evangelical Calvinism the heart of the present volume is an explication of the vicarious ministry of Christ as it is worked out in its diverse theological dimensions The volume offers constructive accounts of various aspects of liturgy sacraments and doxology showing the vitality and lived spirituality of this Christian vision of faith and practice Both advocates and critics of Evangelical Calvinism now have an extended and thorough body of work with which to interact As with volume 1 this volume promises to set the agenda for contemporary and constructive Reformed studies in a way that provides an alternative to neo Calvinism and Westminster Calvinism alike **Natural Theology** James K. Dew, Jr., Ronnie P. Campbell, Jr., 2024-04-16 Natural theology is a matter of debate among theologians and Christian philosophers In this book top scholars in the fields of theology and Christian philosophy introduce readers to five prevailing views on the topic Contributors include John C McDowell Alister E McGrath Paul K Moser Fr Andrew Pinsent and Charles Taliaferro The contributors offer constructive approaches from major perspectives contemporary Catholic classical deflationary and Barthian in a multiview format to provide readers with the state of the question on natural theology Each unit consists of an introduction by a proponent of the view under discussion responses from the other contributors and a final response by the proponent James Dew and Ronnie Campbell provide a helpful introduction and conclusion Offering a model of critical thinking and respectful dialogue this volume provides a balanced irenic approach to a topic of ongoing debate Students of theology Christian philosophers and readers interested in the theology and science dialogue will value this work *Toward a Priestly Christology* Adriani Milli Rodrigues, 2018-11-02 *Toward a Priestly Christology* is a constructive theology on the person and work of Christ from the standpoint of a systematic thinking about his priesthood This priesthood is usually discussed in biblical scholarship on the Christology of Hebrews and also explored in historical or systematic theology with its connections with soteriology and ecclesiology However there is a scarcity of studies that attempt to systematize this topic in its basic components and their ontological foundations in order to provide conceptual clarity for a constructive discussion of the priestly Christology in systematic theology The book makes a contribution to this discussion by engaging firstly with the main models of Christ s priesthood in Christian theology and then with a theological reading of the letter to the Hebrews In both steps the author conceptually articulates the priesthood in terms of need agent actions and goal Then he observes the conceptual articulation from the macro hermeneutical point of view of ontology especially noticing how assumptions on time and space impact the internal logic of Christ s priesthood By using existing models of this priesthood as heuristic tools for systematic thinking the work attempts to push Christian theology toward a more dynamic understanding of Christ s priesthood especially regarding

the relationship between the ascended Christ and our Christian life **Christian Apologetics as Cross-Cultural Dialogue**
Benno van den Toren, 2011-10-27 A call for a new understanding of apologetics moving away from appeals to trans-cultural
rationality arguing for a new form of cross-cultural dialogue Powers, Principalities, and the Spirit Esther E.
Acolatse, 2018-02-27 Among the many factors that separate churches in the West from those of the global South there may be
no greater difference than their respective attitudes toward supernatural powers and principalities In this follow up to her
book *For Freedom or Bondage* African theologian Esther Acolatse bridges the enormous hermeneutical gap not only between
the West and global Christianity but also between the West and its own biblical theological heritage
