**A World History of Architecture** Marian Moffett, Michael W. Fazio, Lawrence Wodehouse, 2003

The Roman architect and engineer Vitruvius declared firmitas utilitas and venustas firmness commodity and delight to be the three essential attributes of architecture These qualities are brilliantly explored in this book which uniquely comprises both a detailed survey of Western architecture including Pre Columbian America and an introduction to architecture from the Middle East India Russia China and Japan The text encourages readers to examine closely the pragmatic innovative and aesthetic attributes of buildings and to imagine how these would have been praised or criticized by contemporary observers Artistic economic environmental political social and technological contexts are discussed so as to determine the extent to which buildings met the needs of clients society at large and future generations

Nexus Network Journal 11,3 Kim

Williams, 2010-04-28 Baroque architect and mathematician Guarino Guarini is the subject of this issue of the Nexus Network Journal A group of international scholars were invited to contribute papers that shed light on the unanswered questions in several areas Baroque architecture in general and Guarini s architecture in particular philosophy history of structural mechanics mathematics and history of mathematics cosmology As always the NNJ takes an interdisciplinary approach to the broad range of subjects that Guarini concerned himself with thus the final results will add significantly to our understanding of how Guarini s actual practical and technical processes were informed by knowledge of his multifaceted scientific and philosophical interests

Guarino Guarini Carol Ann Goetting, 2012 Guarino Guarini s dome of San Lorenzo in Turin is singular There are three predominate features that make it so first the pattern of the exposed ribs second the radical opening of the webbing between the ribs and third the conceit that it is not fully supported by the structure below it While scholars have long questioned the reasoning behind the domes appearance the impetus for its creation has not been fully addressed
