A Key to Dutch History Commissie Ontwikkeling Nederlandse Canon, 2007 Many think they know the legends behind tulipmania and the legacy of the Dutch East India Tea Company but what basic knowledge of Dutch history and culture should be passed on to future generations A Key to Dutch History and its resulting overview of historical highlights assembled by a number of specialists in consultation with the Dutch general public provides a thought provoking and timely answer The democratic process behind the volume is reminiscent of the way in which the Netherlands has succeeded for centuries at collective craftsmanship and says as much about the Netherlands as does the outcome of the opinions voiced

Objects, Commodities and Material Cultures in the Dutch Republic Judith Noorman, Feike Dietz, 2025-10-01 How did objects move between places and people and how did they reshape the Republic's arts cultures and sciences Objects were vitally significant for the early modern Dutch Republic which is known as an early consumer society a place famous for its exhaustive production of books visual arts and scientific instruments What happens when we push these objects and their materiality to the centre of our research How do they invite us to develop new perspectives on the early modern Dutch Republic And how do they contest the boundaries of the academic disciplines that have traditionally organized our scholarship In Objects Commodities and Material Cultures the interdisciplinary community of specialists around the Amsterdam Centre for the Study of Early Modernity innovatively explores the diverse early modern world of objects Its contributors take a single object or commodity as a point of departure to study and discuss various aspects of early modern art culture and history from natural objects to consumer goods from knowledge instruments to artistic materials The volume aims to unravel how objects have moved through regions cultures and ages and how objects impacted people who lived and worked in the Dutch Republic

Into the White Christopher P. Heuer, 2019-05-03 How the far North offered a different kind of terra incognita for the Renaissance imagination European narratives of the Atlantic New World tell stories of people

and things strange flora wondrous animals sun drenched populations for Europeans to mythologize or exploit Yet as Christopher Heuer explains between 1500 and 1700 one region upended all of these conventions in travel writing science and most unexpectedly art the Arctic Icy unpopulated visually and temporally abstract the far North a different kind of terra incognita for the Renaissance imagination offered more than new stuff to be mapped plundered or even seen Neither a continent an ocean nor a meteorological circumstance the Arctic forced visitors from England the Netherlands Germany and Italy to grapple with what we would now call a non site spurring dozens of previously unknown works objects and texts and this all in an intellectual and political milieu crackling with Reformation debates over art s very legitimacy In *Into the White* Heuer uses five case studies to probe how the early modern Arctic as site myth and ecology affected contemporary debates over perception and matter representation discovery and the time of the earth long before the nineteenth century Romanticized the polar landscape In the far North he argues the Renaissance exotic became something far stranger than the marvelous or the curious something darkly material and impossible to be mastered something beyond the idea of image itself

Child Abuse and its Mimics in Skin and Bone B. G. Brogdon, Tor Shwayder, Jamie Elifritz, 2012-09-20 Of all children reported to child protective services for suspected maltreatment in any form the percentage of substantiated cases of actual physical abuse is quite small There are a number of dermatological or radiologically demonstrable musculoskeletal lesions that have been or could be mistaken for intentional physical abuse by the inexperienced or untrained observer *Child Abuse and Its Mimics in Skin and Bone* illustrates the classic manifestations of physical abuse by dermatological and radiological examination as a standard against which the mimickers of physical abuse can be compared Beginning with a historical perspective on child abuse the book explores manifestations of superficial and musculoskeletal trauma in children It examines conditions often mistaken for child abuse ranging from rubella to leukemia and bowing deformities to vitamin A intoxication as well as a plethora of dermatological conditions that can mimic signs of physical abuse Designed for a broad spectrum of individuals who may first encounter a possibly abused child the book presents hundreds of photos many in color and examples collected by the authors over their years of experience in their respective fields Where appropriate the authors provide pertinent historical physical and laboratory information in support of the diagnosis With the combined insight of top experts in forensic radiology and dermatology this volume enables clinicians and others confronted with cases involving these conditions to avoid a rush to judgment that could wreak havoc in a family and quite possibly delay needed treatment for an actual medical condition *Lantern*, 1991 **Feestbundel bij de opening van het Kolveniershof en het**

Rubenianum , **Early Modern Dutch Prints of Africa** Elizabeth A. Sutton, 2017-07-05 Using Pieter de Marees Description and Historical Account of the Gold Kingdom of Guinea 1602 as her main source material author Elizabeth Sutton brings to bear approaches from the disciplines of art history and book history to explore the context in which De Marees account was created Since variations of the images and text were repeated in other European travel collections and

decorated maps Sutton is able to trace how the framing of text and image shaped the formation of knowledge that continued to be repeated and distilled in later European depictions of Africans She reads the engravings in De Marees account as a demonstration of the intertwining domains of the Dutch pictorial tradition intellectual inquiry and Dutch mercantilism At the same time by analyzing the marketing tactics of the publisher Cornelis Claesz this study illuminates how early modern epistemological processes were influenced by the commodification of knowledge Sutton examines the book s construction and marketing to shed new light on the social milieus that shared interests in ethnography trade and travel Exploring how the images and text function together Sutton suggests that Dutch visual and intellectual traditions informed readers choices for translating De Marees text visually Through the examination of early modern Dutch print culture Early Modern Dutch Prints of Africa expands the boundaries of our understanding of the European imperial enterprise , *Op de baren* Willem Mets (Tzn.),1895 **The Navigator** ,2010-10-25 Captain John Anderson served in the Dutch East India Company VOC as Pilot Major in a fleet of ships that set sail from Europe in December 1640 and returned with his ships in July 1643 This was Anderson s fourth voyage to the East Indies His journey took three years during which time he safely brought a VOC fleet to Java and home again through tempests and full scale battles with the Portuguese at sea In this the first ever edition of Anderson s Journal the editors have complemented his own words with chapters discussing the author s contributions to the History of Warfare in Asia Maritime Navigation and Early Modern Travel Writing *The Education Gazette of the Province of the Cape of Good Hope* Cape of Good Hope (South Africa). uit de tijd waardoor hij een rijkdom aan details en nuance in zijn verhaal kon aanbrengen Zijn eerdere werken getuigen van een diep begrip van de effecten van oorlog op individuele levens en samenlevingen De Zwervers van het Groote Leger is een aanrader voor zowel liefhebbers van historische fictie als voor diegenen die geïnteresseerd zijn in de Nederlandse geschiedenis Door de meeslepende proza en de rijkgeschakeerde personages biedt het boek niet alleen vermaak maar ook inzicht in de menselijke geest te midden van de onvoorspelbare omstandigheden van oorlog Dit werk kan zowel jongeren als volwassenen aanspreken die willen begrijpen hoe geschiedenis en menselijke ervaring met elkaar verweven zijn
