followed strict generic conventions that were far from subtle This expanded and updated translation of Florence Goyet's influential *La Nouvelle 1870 1925 Description d'un genre* son apogée Paris 1993 is the only study to focus exclusively on this classic period across different continents Ranging through French English Italian Russian and Japanese writing particularly the stories of Guy de Maupassant Henry James Giovanni Verga Anton Chekhov and Akutagawa Ryunosuke Goyet shows that these authors were able to create brilliant and successful short stories using the very simple tools of brevity of that period In this challenging and far reaching study Goyet looks at classic short stories in the context in which they were read at the time cheap newspapers and higher end periodicals She demonstrates that despite the apparent intention of these stories to question bourgeois ideals they mostly affirmed the prejudices of their readers In doing so her book forces us to re think our preconceptions about this forgotten genre Junker und Fröhner Wilhelm von Polenz,1901 Historia de la literatura mundial: Mundo neoclásico, romántico y contemporáneo Martín Alonso Pedraz,1966 Monte Carlo.
