What Are Wisdom and Intelligence James Kelley, 2010-02-01 To whom it may concern What are wisdom and intelligence chronicles the life of an average American s struggle through a society eclipsed by a manmade distortion of true reality This 430 page book shows people the everyday rollercoaster of an average Jim in 65 chapters peppered with the morals ethics and coping skills learned through life experiences Written for my children this book has an intense feel of introspect and by reading this material it will take you back to a lot of your own memories and give YOU back to the basics of YOU This book will show you the simple things that are becoming lost in a society distracted by the complexities of life itself What are wisdom and intelligence doesn t speak of the actual meaning of wisdom and intelligence but instead poses the question of whether our society needs to ask this question in the first place or does society automatically judge a person by there wisdom and intelligence This unique view of the simple man s life brings back a sense of integrity through making bad decisions and seeing the results first hand These missteps are further compromised due to the apathy of our time Society has become too complicated in its own intelligence People with a lot of education think that they have all the answers and often times refuse to listen to the common man s wisdom Here in lies the premise of my book and the average Jim s plight My life and in turn my book is filled with the simple things in life that save us all Integrity morals ethics and a simple smile are the tools of an average Jim My experience is life itself nothing more and nothing less I was a Jack of all trades and master of none I started as a Marine and then did a bit of everything truck driver cowboy fence contractor restaurant manager and taxi driver just to name a few Also at one point I hitch hiked across the US My strength and wisdom came with time as it should The common sense approach to life is what brings me around to today My daily inspirational thoughts on the internet have become strength for many and in time I hope will be one of the strengths of my book My public speaking thus far has been filled with music laughter and inspiration People are searching in many ways for answers when they are right there in front of them and that is what makes this book so inspirational and introspective People see themselves through the words I give to my children and in turn find the joy in their own life There are no magic words to restore the basic realities of life but in there own minds All they need to do is take away the distortions of wisdom and intelligence I truly appreciate you taking the time to look at my simple book of life and hope that it will be the inspiration for you to want more Please feel free to contact me and hope to hear from you soon Thank

you so much for your time Respectfully James H Kelley
