

Step 3

Powder

For a matte finish, long wear, apply loose powder in a light, effortless way for subtle, if any, coverage. Set your complexion using an airbrush brush or a loose powder puff.

Apply powder to the correct shade For your skin tone, choose the shade of the face using a powder puff or powder brush.

Pat the powder lightly onto your skin, avoiding the under-eye area and forehead.

Step 4

Blush

Smile and apply a natural shade of blush to the apples of cheeks. Blend up toward the temples, then downward to soften the nose.

For long-lasting results Layer a ring of fingertip blush on top.

For all-day glow Dust a delicate powder on the cheekbones with a fine powder brush, or use a smaller brush applied with your finger.

Tap or blow off any extra powder. Blush that has been applied before applying skin care may feel sticky, so use the light touch to ensure a smooth, even application.

Put fingers to work: dust on your eyes with the palm.

Brush a comb over the face, patting down the skin along the jawline, especially along the chin, to help the blush stay in place.

Step 5

Lipstick

Start with clean, smooth lips.

Use a lip brush to apply and blend lipstick on the lips. Start with the center of the lip, then blend out to the corners. Use a lip brush to apply lipstick to the corners of the mouth, which require precise application.

Use the corner of your finger to gently smudge the lipstick into the skin. The lips should appear moist and smooth, with a slight sheen that lasts long.

For a natural look, choose a light shade of lipstick. For a more dramatic look, choose a darker shade of lipstick.

Step 6

Lip Liner

The soft, natural-looking definition you're looking for is achieved by using a lip liner. Use a lip liner to define the lips and create a natural look.

To create a natural look, use a lip liner that matches your lipstick shade.
