A Guide To Non-Jazz Improvisation: Banjo Edition Dick Weissman,Dan Fox,2010-12-29 The non jazz improvisation series is a concept that germinated in Dick Weissman s mind while he was attending music school He wrote a 15 piece arrangement of the old square dance tune Cripple Creek and wanted the trombone to take a solo as part of the arrangement When the trombonist kept playing a bebop solo that was totally unsuitable for the chart Dick realized that in addition to the many musicians who do not improvise there are even jazz musicians who don t know how to improvise outside the limits of their own stylistic backgrounds This book approaches the five string banjo as a musical instrument freed from the prison of specific musical genres Old time music clawhammer bluegrass and many eclectic adaptations of the banjo are utilized to demonstrate a variety of musical styles A number of the selections are in different tunings All examples are written out in traditional and tablature notation
