Handbook of Christian Apologetics Peter John Kreeft, Ronald Tacelli, 1994

DEFENDING CHRISTIANITY Alfred Ernest Garvie, 2022-06-04 Garvie offers the reader an overview of arguments for Christianity on subjects varying from the existence of God to eschatology Alfred Ernest Garvie shows us the magnificence of the faith instead of becoming weighed down by tiresome arguments He systematically covers every significant Christian teaching making this handbook a valuable reference for believers and unbelievers alike looking for appealing summaries of specific doctrines

A Handbook of Christian Apologetics Alfred Ernest Garvie, 2015-06-24 Excerpt from A Handbook of Christian Apologetics In the preparation of this volume the writer has aimed at justifying the title by as complete an outline of the argument for the Christian faith as the intellectual situation of today demands This has necessitated the omission of minute discussion of many of the topics For the general character of the treatment compensation has been offered in two ways by reference to other volumes in this series

dealing with some of the subjects or to other relevant writings and by indicating when the writer himself has dealt with the subject at greater length The order of the chapters has been determined with the view of exhibiting as far as possible a continuous argument In accordance with his idea of the task of Apologetics as commendation rather than defence less attention has been given to meeting objections than to presenting the attractiveness of the Christian Gospel The writer has not hesitated in stating conclusions reached by himself after much study and thought in the hope that they will be as helpful to others as to himself No attempt has been or could be made to indicate in every instance the source of arguments and suggestions offered as for the writer many have become part of his own mental stock He gladly acknowledges a far greater debt to other writers than his express references can indicate The bibliography too makes no pretense to be exhaustive It is confined to the books known to the writer which he has found helpful and which from personal knowledge he can commend to others About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

A Handbook of Christian Apologetics Alfred Ernest Garvie,1923 **The Layman's Manual on Christian Apologetics** Brian G. Chilton,2019-11-14 Modern Christians have been bombarded by objections launched against the Christian faith from popular secular authors bloggers and stars from the entertainment industry The church is quickly beginning to acknowledge the need for apologetics due to the number of youth and adults alike leaving the faith But how does one respond to these objections For the laity of the church this is especially difficult as many are left without the proper training to know how to answer these objections In The Layman s Manual on Christian Apologetics the essentials of apologetics are taken from the ivory towers of academia and are made available to those who have not obtained seminary training or for those thinking about attending seminary In this book three major areas of apologetics are covered The first unit engages the nature of truth and what can be known The second unit deals with the existence of God and issues involving God s existence The last unit tackles historical objections to the resurrection of Jesus and early Christianity The Layman s Manual on Christian Apologetics delivers heavy apologetic issues with the laity in mind and blends in personal illustrations to make the material applicable

HANDBK OF CHRISTIAN APOLOGETIC Alfred Ernest 1861 Garvie,2016-08-26 **Fundamentals of the Faith** Peter Kreeft,2009-10-27 Kreeft considers all the fundamental elements of Christianity and Catholicism explaining defending and showing their relevance to our life and the world's yearnings Here is a book to help you understand your faith more fully and to explain it to others more winningly Like every religion this faith has three aspects corresponding to the three parts of the soul and filling the innate needs of all three parts Kreeft uses these three divisions as the basic outline for his Christian apologetics First every religion has some beliefs whether expressed in creeds or not something for the intellect to know Second every religion has some duty or deed some practice of program some moral or ethical code something for the will to choose Finally every religion has some liturgy some worship some church something for the body and the concrete imagination and the aesthetic sense to work at Creed Code and Cult Words Works and Worship are a most useful way of outlining any religious faith including the Catholic Faith of Christians These essays were written for Catholics by a Catholic But I believe that nearly everything I say here will be found by the orthodox Biblical Protestant reader to be his faith as well That solid and substantial core that C S Lewis called mere Christianity Peter Kreeft *The Harvest Handbook™ of Apologetics* Joseph M.
