It is essential for any library keeping up on online learning innovations. Dr Bernard J Luskin President and Co CEO GlobalLearningSystems Inc Visiting Professor Claremont Graduate University. This book not only is that rare breed that addresses online learning in both higher education and corporate environments but every chapter is intriguing informative and accurately grounded. This book provides a comprehensive timely and informative look at online learning in higher education and corporate training settings. For an update on the state of e learning in educational and training environments simply read this book. Curtis J Bonk Ph D Indiana University and Courseshare.com. Business and Learning have enjoyed a symbiotic relationship in our culture. The pace of change however has created separation between these two vital elements. The Handbook of Online Learning showcases the latest thinking and applications in learning delivery and offers real promise that the gap is being bridged. D M Verkest AT T Wireless Services Vice President National Operations. The authors of this book are all experienced distance educators who know what the issues are. How are people engaged in teaching and learning at a distance present to one another. How do you create a community in the class. How can a teacher deal with an obstreperous student. What are the teaching learning environments in universities and corporations as they affect distance education. The essays in this book inhabit the border where the idea of distance education meets the reality. They give practical advice and provide examples informed by both theory and experience.
