Kierkegaard Eve And Metaphors Of Birth

David Kirk

Kierkegaard Eve And Metaphors Of Birth:

Kierkegaard, Eve and Metaphors of Birth Alison Assiter, 2015-04-29 There has been a recent revival of interest in reading Kierkegaard as an ontologist as a thinker who engages with questions about the kinds of entity or process that constitute ultimate reality This new way of reading Kierkegaard stands alongside a revival of interest in ontology and metaphysics more generally This highly original book concentrates on the claim that Kierkegaard focuses in part on ontological questions and on issues pertaining to the nature of being as a whole Alison Assiter asserts that Being for Kierkegaard following Schelling can be read in terms of conceptions of birthing the capacity to give birth as well as the notion of a birthing body She goes on to argue that the story offered by Kierkegaard in *The Concept of Anxiety* about the origin of freedom connects with a birthing body and that Kierkegaard offers a speculative hypothesis in terms of metaphors of birthing about the nature of Being *Kierkegaard, Eve and Metaphors of Birth* Alison Assiter, 2015-04-29 There has been a recent revival of interest in reading Kierkegaard as an ontologist as a thinker who engages with questions about the kinds of entity or process that constitute ultimate reality This new way of reading Kierkegaard stands alongside a revival of interest in ontology and metaphysics more generally This highly original book concentrates on the claim that Kierkegaard focuses in part on ontological questions and on issues pertaining to the nature of being as a whole Alison Assiter asserts that Being for Kierkegaard following Schelling can be read in terms of conceptions of birthing the capacity to give birth as well as the notion of a birthing body She goes on to argue that the story offered by Kierkegaard in *The Concept of Anxiety* about the origin of freedom connects with a birthing body and that Kierkegaard offers a speculative hypothesis in terms of metaphors of birthing about the nature of Being *Kierkegaard, Eve, and Metaphors of Birth* Alison Assiter, 2015 There has been a recent revival of interest in reading Kierkegaard as an ontologist as a thinker who engages with questions about the kinds of entity or process that constitute ultimate reality This new way of reading Kierkegaard stands alongside a revival of interest in ontology and metaphysics more generally This highly original book concentrates on the claim that Kierkegaard focuses in part on ontological questions and on issues pertaining to the nature of being as a whole Alison Assiter asserts that Being for Kierkegaard following Schelling can be read in terms of conceptions of birthing the capacity to give birth as well as the notion of a birthing body She goes on to argue that the story offered by Kierkegaard in *The Concept of Anxiety* about the origin of freedom connects with a birthing body and that Kierkegaard offers a speculative hypothesis in terms of metaphors of birthing about the nature of Being *A New Theory of Human Rights* Alison Assiter, 2021-03-01 This book offers a new materialist thesis that focuses on the dynamic biological core of humans shared with other animals and the rest of the natural world to develop a radical theory of human rights It therefore makes a unique contribution to literature and to academic and societal debates both on new materialisms and on human rights Many on the political far right deride the concept of a human right This has occurred in tandem with a growing contempt for the rule of law and for obligations to protect land or the

environment to recognize the rights of minorities or even to respect the various mechanisms of democracy On the other hand contemporary left wing inspired literature has also rejected the concept of a human right as Enlightenment inspired and western This has gone hand in hand with a contestation of essentialism and universalism These theoretical positions have been variously critiqued as racist sexist as well as Eurocentric Drawing on metaphysics and ethics with protagonists drawn from traditions across analytic and continental philosophy and feminist theory Assiter challenges these critics to form a distinctive new materialist position Most people defenders and critics take for granted that the concept of human rights and the universal view of humanity derive from the European Enlightenment However this book develops a different story of its origin from the earlier period of both Aristotle and the Zoroastrian Persian Empire and locates the concept of a right partly in our biological core yet challenges the assumption that this is constructed by language of any kind specifically including scientific discourse

The Kierkegaardian Mind Adam Buben, Eleanor Helms, Patrick Stokes, 2019-05-02 Søren Kierkegaard 1813-1855 remains one of the most enigmatic captivating and elusive thinkers in the history of European thought *The Kierkegaardian Mind* provides a comprehensive survey of his work not only placing it in its historical context but also exploring its contemporary significance Comprising thirty eight chapters by a team of international contributors this handbook is divided into eight parts covering the following themes Methodology Ethics Aesthetics Philosophy of Religion and Theology Philosophy of Mind Anthropology Epistemology Politics Essential reading for students and researchers in philosophy Kierkegaard's work is central to the study of political philosophy literature existentialist thought and theology

A Companion to Nineteenth-Century Philosophy John Shand, 2019-04-16 Investigate the challenging and nuanced philosophy of the long nineteenth century from Kant to Bergson Philosophy in the nineteenth century was characterized by new ways of thinking a desperate searching for new truths As science art and religion were transformed by social pressures and changing worldviews old certainties fell away leaving many with a terrifying sense of loss and a realization that our view of things needed to be profoundly rethought *The Blackwell Companion to Nineteenth Century Philosophy* covers the developments setbacks upsets and evolutions in the varied philosophy of the nineteenth century beginning with an examination of Kant's Transcendental Idealism instrumental in the fundamental philosophical shifts that marked the beginning of this new and radical age in the history of philosophy Guiding readers chronologically and thematically through the progression of nineteenth century thinking this guide emphasizes clear explanation and analysis of the core ideas of nineteenth century philosophy in an historically transitional period It covers the most important philosophers of the era including Hegel Fichte Schopenhauer Mill Kierkegaard Marx Nietzsche Bradley and philosophers whose work manifests the transition from the nineteenth century into the modern era such as Sidgwick Peirce Husserl Frege and Bergson The study of nineteenth century philosophy offers us insight into the origin and creation of the modern era In this volume readers will have access to a thorough and clear understanding of philosophy that shaped our world

Existing Before God Paul R.

Sponheim,2017-01-01 Soren Kierkegaard 1813 1855 the Danish theologian philosopher and preacher in his last years issued a blistering attack on the established Christianity of the nineteenth century That challenge was also a summons to an authentic life of Christian faith With intensity and acumen Kierkegaard diagnosed the spiritual and intellectual ills of modernity and Christendom and offered a constructive upbuilding for active faithful Christian existence One of Kierkegaard s key texts The Sickness unto Death outlines the problem of the human condition sin despair and draws the reader into the heart of the Christian faith the infinite qualitative difference between God and creatures and the paradox of the God man who came to bring abundant life in the form of authentic selfhood grounded transparently in the Creator In this volume Paul R Sponheim introduces readers to Kierkegaard unfolds this pivotal text and its connections to Kierkegaard s theological and ethical worldview and traces the reception and significance of this text in the modern and contemporary theological tradition In this Existing Before God continues the contribution of the Mapping the Tradition series in providing compact yet salient maps of the theological historical social and contextual impact of the most important minds and texts of Christian history

Isotopography Niels Wilde,2024-08-19 While the concept of place remains undertheorized in Kierkegaard research this study argues that place is at the center of Kierkegaard s thinking The first part of the book shows that Kierkegaard s notion of situatedness as being placed in a socio historical situation conditioned by a situation prior to situatedness points to a realist position and a flat ontology Secondly the book develops a detailed analysis of the ontological structure of the existential place the place we ourselves are and concrete places the places where we are Place opens a qualified space within bounds the existence sphere an atmosphere of elemental attunement and attuned elementality Finally the book collects the dots from part one and two in a topological realist approach to Kierkegaard s theology and three main definitions of God God is love God is that everything is possible and God is the middle term The book concludes that Kierkegaard s existential topography reveals a realist position where we are is never exhausted by being the place where we are **Passion for**

Nothing Peter Kline,2017-09-01 Passion for Nothing offers a reading of Kierkegaard as an apophatic author As it functions in this book apophasis is a flexible term inclusive of both negative theology and deconstruction One of the main points of this volume is that Kierkegaard s authorship opens pathways between these two resonate but often contentiously related terrains The main contention of this book is that Kierkegaard s apophaticism is an ethical religious difficulty one that concerns itself with the whylessness of existence This is a theme that Kierkegaard inherits from the philosophical and theological traditions stemming from Meister Eckhart Additionally the forms of Kierkegaard s writing are irreducibly apophatic animated by a passion to communicate what cannot be said The book examines Kierkegaard s apophaticism with reference to five themes indirect communication God faith hope and love Across each of these themes the aim is to lend voice to the unruly energy of the unsayable and in doing so let Kierkegaard s theological spiritual and philosophical provocation remain a living one for us today **Radical Intellectuals and the Subversion of Progressive Politics** Michael J. Thompson,Gregory

Smulewicz-Zucker,2015-09-09 Radical Intellectuals and the Subversion of Progressive Politics is a challenge to contemporary radical politics and political thought This collection of essays critiques the dominant trends and figures on the left that have distorted the legacy of progressive politics arguing that they have moved politics away from issues of class and economic power toward a preoccupation with culture and identity The contributors discuss this new radicalism from the perspective of a more rational form of leftism capable of reviving interest in a more politically relevant form of politics Philosophy as Experimentation, Dissidence and Heterogeneity José Miranda Justo,Elisabete M. de Sousa,Fernando M. F. Silva,2021-09-24 Contemporary philosophical research interconnects classical domains of philosophy the arts literature and social sciences This collection of essays explores the operational role of experimentation dissidence and heterogeneity in this process It offers fundamentals for the criticism of monolithical tendencies often put forward under the banner of the Speculative Turn or New Realism by means of exploring the contribution and influence of authors such as J G Hamann Kierkegaard Nietzsche and Guy Debord These philosophers historically placed within the margins of the philosophical mainstream were decisive in the emergence of the philosophical thought and practices of Deleuze Wittgenstein and Bataille as shown here The reader will also find re evaluations of the contributions of Vico Spinoza or Kant to posterity next to new readings of authors like Foucault Hadot Benjamin and Adorno with regards to their significant experimental and dissident positions Women and Violence Heather Widdows,Herjeet Marway,2015-09-29 Chapter 4 of this book is open access under a CC BY 4 0 license via link [springer.com](https://www.springer.com) This edited collection explores the agency of women who do violence and have violence done to them Topics covered include rape pornography prostitution suicide bombing and domestic violence The volume contributes to the philosophical and theoretical debate as well as offering practical social and political responses to the issues examined

The Palgrave Handbook of German Idealism and Feminist Philosophy Susanne Lettow,Tuija Pulkkinen,2023-01-04 This book gives a comprehensive overview of the ways in which the relation between German Idealism and feminist philosophy has been explored It demonstrates the significance of German Idealism for feminist philosophy and simultaneously brings out the relevance of feminist readings and interpretations for a critical understanding of German Idealism Key Features Presents original work on the German Idealists and considers their legacy within feminist thought from different philosophical perspectives Incorporates perspectives from queer theory new materialism and critical philosophy of race and so explores German Idealism through the subversion and transformation of meanings and conceptual arrangements Challenges the epistemic boundaries of philosophy by engaging the thought of women contemporary with the German Idealists such as Bettina von Arnim and Karoline von G nnderrode Places the work of the German Idealists on gender sexuality marriage and family within the wider contexts of colonialism and European nation building Considers how several key concepts of German Idealism such as subject reason enlightenment autonomy and the sublime have been central targets of feminist theory Includes a Black feminist critique of Kantian universalism Fully reflecting the diversity that characterizes

feminist thinking today The Palgrave Handbook of German Idealism and Feminist Philosophy is essential reading for scholars and graduate students of German idealism feminist philosophy and feminist theory Chapter s The Taxonomy of Race and the Anthropology of Sex Conceptual Determination and Social Presumption in Kant is available open access under a Creative Commons Attribution 4.0 International License via link [springer.com](https://www.springer.com) *Being Born* Alison Stone, 2019-09-26 All human beings are born and all human beings die In these two ways we are finite our lives begin and our lives come to an end Historically philosophers have concentrated attention on our mortality and comparatively little has been said about being born and how it shapes our existence Alison Stone sets out to overcome this oversight by providing a systematic philosophical account of how being born shapes our condition as human beings Drawing on both feminist philosophy and existentialist concerns about the structure of meaningful human existence Stone offers an original perspective on human existence She explores how human existence is shaped by the way that we are born Taking natality into account transforms our view of human existence and illuminates how many of its aspects are connected with our birth These aspects include dependency the relationality of the self vulnerability reception and inheritance of culture and history embeddedness in social power situatedness and radical contingency Considering natality also sheds new light on anxiety mortality and the temporality of human life This book therefore bears on death and the meaning of life as well as many debates in feminist and continental philosophy **Political Refugees** Armin Danesh, Alison Assiter, 2022-03-14 Many books about refugees focus on their trauma loss and victimhood Refugees are often regarded as problems for governments and social services in the countries where they seek asylum This unique book presents a very different view Coupling existential themes with politics and psychology Political Refugees tells the story of a number of Iranian political refugees through case studies and through Armin Danesh's own life story Danesh has more than three decades of experience of working with refugees who have survived trauma and who continue to work for the causes close to their hearts All the refugees presented here were politically engaged and suffered as a consequence In their new home country however they not only survived but were reborn and forged new opportunities The book demonstrates people's capacity to transform themselves through crisis The stories told will be invaluable for organizations or individuals who study or work with refugees or anyone who has suffered extreme adversity **Continental Realism and Its Discontents** Morin Marie-Eve Morin, 2017-06-23 Speculative realism challenges philosophical approaches and traditions for supposedly failing to do justice to the real world Taking this realist challenge seriously Continental Realism and Its Discontents refuses to discard the philosophical contributions of Kant Schelling Merleau Ponty Derrida and Nancy without closer scrutiny Instead the contributors turn to these thinkers to meet the challenge of realism in contemporary philosophy **Love and Vulnerability** Pelagia Goulimari, 2021-05-15 Love and Vulnerability Thinking with Pamela Sue Anderson developed out of the desire for dialogue with the late feminist philosopher Pamela Sue Anderson's extraordinary previously unpublished last work on love and vulnerability The collection publishes this

work for the first time with a diverse multidisciplinary international range of contributors responding to it to Anderson's oeuvre as a whole and to her life and death Anderson's path breaking work includes *A Feminist Philosophy of Religion* 1998 and *Re-visioning Gender in Philosophy of Religion: Reason, Love and Epistemic Locatedness* 2012 Her last work critiques then attempts to rebuild concepts of love and vulnerability Reason, critical self-reflexivity, emotion, intuition and imagination, myth and narrative all have a role to play Social justice, friendship, conversation, dialogue, collective work are central to her thinking Contributors trace the emergence of Anderson's late thinking, extend her conversations with the history of philosophy and contemporary voices such as hooks and Butler and bring her work into contact with debates in theology, Continental and analytic philosophy, feminist, queer and transgender theory, postcolonial theory, African American studies Discussions engage with the Me Too movement and sexual violence, climate change, sweatshops, neoliberalism, death and dying and the nature of the human Originally published as a special issue of the journal *Angelaki*, this large wide-ranging collection featuring a number of distinguished contributors makes a significant contribution to the burgeoning interdisciplinary research on interpersonal relations, sympathy and empathy, affect and emotion

Schelling's Philosophy G. Anthony Bruno, 2020 This volume provides a wide-ranging presentation of F W J Schelling's original contribution to and internal critique of the basic insights of German idealism and his and innovative responses to questions of lasting metaphysical, epistemological, ethical, aesthetic and theological importance

The Beautiful Animal Michael Lewis, 2018-06-20 Can philosophy conceive of a perfect animal? Can it think of the animal as anything other than an imperfect human? The book attempts to rethink the Hegelian dialectic so as to render it capable of assigning a proper place to the animal and in particular the beautiful animal and to rework the philosophy of nature so as to encompass the fossil. The fossil itself teaches philosophy and in particular the dialectic how it must modify itself in order to encompass the beautiful animal in the form of what we term the fossilised dialectic resistant to the spiritualisation which will always leave the animal behind. If philosophy can admit the animal in this way we might then ask what philosophy can learn from this animal that will have taken up residence in its home. What does a specifically domestic animal teach us? At the very least it shows us that the function we give to the furnishings of the house is not the only one and perhaps therefore that there is no single unique function. In this way animals teach us the most philosophical lesson: there is to see the world as it is in itself

Augustine and Kierkegaard Kim Paffenroth, John Doody, Helene Tallon Russell, 2017-09-20 This volume is a continuation of our series exploring Saint Augustine's influence on later thought, this time bringing the fifth century bishop into dialogue with 19th century philosopher, theologian, social critic and originator of Existentialism, Søren Kierkegaard. The connections, contrasts and sometimes surprising similarities of their thought are uncovered and analyzed in topics such as exile and pilgrimage, time and restlessness, inwardness and the church as well as suffering, evil and humility. The implications of this analysis are profound and far-reaching for theology, ecclesiology and ethics.
