

KINDERTRANSPORT

- 'Between 1938 and the outbreak of war, almost 10,000 children, most of them Jewish, were sent by their parents from Germany to Britain... Nine-year-old Eva ends up in Manchester... When Eva's parents fail to escape Germany, the child changes her name and begins the process of denial of her roots... It is only when her own daughter... discovers some old letters in the attic that Eva is forced to confront the truth about her past... Samuels has written the best play about the pain and passion of mother/daughter relationships...' *Guardian*
- Winner of the 1992 Verity Bargate Award, KINDERTRANSPORT was first staged by the Soho Theatre Company at the Cockpit in London and subsequently at the Manhattan Theater Club in New York. This edition includes several personal memoirs by German-born children – now British citizens in their fifties and sixties – whose lives were saved, and transformed, by Kindertransport.
- 'A powerful contribution to Holocaust literature... presented with emotional clarity and intense sympathy.' *New Yorker*

Trauma and Attachment in the Kindertransport Context Iris Guske, 2009-03-26 The present volume is the result of an interdisciplinary oral history research project which was carried out at the Centre for German Jewish Studies at the University of Sussex It focuses on the Kindertransport the British rescue operation saving 10 000 predominantly German Jewish children from Nazi Germany and is based on in depth case studies of five child survivors of the Holocaust Looking at human development over the life cycle as mediated by intervening trauma was at the heart of the project which examined the making and breaking of a child's close ties to significant others processes of identity formation under acculturative stress as well as the creation and recall of traumatic memories The study is thus one of the few in the field of attachment research which sheds light on the lifelong influence which early attachment has on coping with massive cumulative trauma The former child refugees narratives are enriched by letters diaries or articles written by them and their host families as well as by interviews conducted with family members and friends Consequently we can look at individual lives and collective destinies from more than one perspective as we are provided with rich multi layered accounts of people's whole life trajectories While each Holocaust survivor's developmental story is unique it is however linked to the others by the common experience of negotiating an identity between two countries cultures and religions against the background of unparalleled political upheavals and as such also sheds light on and offers ways out of the traumata suffered in present day contexts of enforced migration and displacement **Teaching about the Holocaust and the History of Genocide in the**
