The Routledge Companion to Media Education, Copyright, and Fair Use Renee Hobbs, 2018-02-15. Media literacy educators rely on the ability to make use of copyrighted materials from mass media, digital media, and popular culture for both analysis and production activities. Whether they work in higher education, elementary and secondary schools, or in informal learning settings in libraries, community, and non-profit organizations, educators know that the practice of media literacy depends on a robust interpretation of copyright and fair use. With chapters written by leading scholars and practitioners from the fields of media studies, education, writing, and rhetoric, law, and society, library and information studies, and the digital humanities, this companion provides a scholarly and professional context for understanding the ways in which new conceptualizations of copyright and fair use are shaping the pedagogical practices of media literacy. *From Zero to Launch* Ron Gardinski, 2025-08-28. An idea is worthless. A successful launch is everything. This is the roadmap from idea to profitable reality. Do you have a notebook filled with brilliant business or product ideas, but they remain trapped on the page? You feel the immense potential, but the path from a simple concept to a launched, revenue-generating product feels like a dense, impassable fog. The fear of building something nobody wants is paralyzing. *From Zero to Launch* is the definitive step-by-step system for the self-taught founder and creator. This is not a book about abstract theories of entrepreneurship. It is a tactical, in-the-trenches playbook for validating your idea, building a Minimum Viable Product (MVP), and engineering a launch that creates momentum and generates your first sales. Inside this comprehensive guide, you will master the launch architect's toolkit. *Idea Validation*: Learn a foolproof, data-driven system to test your ideas and confirm market demand before you invest a single minute or dollar in development. *Stop guessing and start knowing*. *Building Your MVP*: Discover the art of the Minimum Viable Product. Learn how to identify the core essential features of your product to launch a functional version quickly, gathering crucial feedback and generating early revenue. *Engineering a Profitable Launch*: Get a complete step-by-step launch plan. Master the art of building a pre-launch audience, creating buzz, and executing a launch sequence that drives sales and establishes your product in the market. *The First 100 Customers*: Learn the specific scrappy strategies for acquiring your first cohort of paying customers, the lifeblood of any new venture. Stop letting your best ideas die in a notebook. This book provides the exact, repeatable system to navigate the most critical phase of any new venture. **Billboard**, 1997-11-15.
