King Henry IV Part 1 Arden Shakespeare Third Series Pt 1:

King Henry IV William Shakespeare,1980 *King Henry IV, Part One* William Shakespeare,1977 **The Works of Shakespeare: Henry VI, pt. 1-3, ed. by H. C. Hart. 2d ed., rev. [1930-31, 1925** William Shakespeare,1925 **King Edward III** William Shakespeare,2017-08-24 King Edward III is increasingly thought to have been written in significant part by Shakespeare This landmark new edition by textual expert and General Editor of the Arden Shakespeare Richard Proudfoot offers a full account of the play s text and the evidence of Shakespeare s hand at work in it Fully annotated with on page notes and a lengthy critical introduction which also explores the play s production history and the impact of its historical context **Shadow Property and the Hidden Empire of Ego** P. T. Babie,2024-10-03 This book explores the nature of liberal property in the twenty first century It contains three parts The first examines how we have arrived at the liberal concept of property what many scholars call the bundle of rights metaphor of property This part argues that the liberal conception embodied in the bundle of rights metaphor is really a way of masking or hiding what property really is an exercise of ego about the way goods and resources are used Or put another way it enshrines the ability to suit personal preferences about the way things are used rather than what might better serve the common good The second part provides an important modern critique of the bundle of rights metaphor that in addition to being a collection of rights property is also about social relations that exist between people Through these social relations which are contained in law any decision that a person makes about how to use a good or resource necessarily carries implications for others While those effects can be both positive and negative we are much more familiar with the latter including most of the global challenges we face today climate change extreme weather global hunger and global poverty Taking those global challenges as its focus the final part of the book suggests possible futures of property in which it is reconceived in ways that reduce the potential for negative impacts on others **The First Part of King Henry the Fourth** William Shakespeare,1961 *The Works of Shakespeare* *Henry VI, pt. 1-3, ed. by H.C. Hart* William Shakespeare,1909 **King Henry VIII** William Shakespeare,2014-09-25 King Henry VIII has one of the fullest theatrical histories of any play in the Shakespeare canon yet has been consistently misrepresented both in performance and in criticism This edition offers a new perspective on this ironic multi layered collaborative play revealing it as a complex meditation on the progress of Reformation which sees English life since Henry VIII s day as a series of bewildering changes in national and personal allegiance and represents history as the product of varied and contradictory testimony McMullan makes a powerful claim for the rehabilitation of Henry VIII providing the fullest performance history of any edition to date and reading the work not as a marginal late Shakespeare play but as a play which is paradigmatic of the achievement of Renaissance drama as a whole This is a staggeringly brilliant captivating edition that will undoubtedly occasion a huge surge of critical interest in this neglected play For those of use who have never taken Henry VIII very seriously perhaps dismissing it as a late collaborative play of no consequence or as conservative propaganda
