Fiscal Affairs Dept.,2024-03-12 This report is available both in Spanish and English At the request of the Finance Ministry and the Planning General Secretariat SEGEPLAN of Guatemala an IMF team undertook a Public Investment Management Assessment PIMA including the Climate PIMA C PIMA module from May

30 to June 19 2023 The main purpose of the mission was to identify strengths and weaknesses in Guatemala's public investment management The C PIMA assessed how climate change related mitigation and adaptation measures are being addressed in the public investment cycle

Autonomous Public Bodies and the Law Stéphanie De SomeR, 2017-05-26 This insightful book discusses the impact of EU law on the creation and empowerment of autonomous public bodies APBs at Member State level and analyzes recent attempts of European states to rationalize delegation to APBs It examines the tensions between these trends under what conditions can APBs be considered legitimate forms of government in the light of modern conceptions of constitutionalism the rule of law and democracy values that are deeply rooted in European constitutions And to what extent do EU obligations on the independence of national regulators data protection authorities and the like conflict with those conceptions

Understanding Research Methods Donijo Robbins, 2017-09-25 Managers and administrators in the public policy and nonprofit sectors rely heavily on analytical skills to quickly pore through a massive amount of research They dissect it and apply specific useful data that can inform critical policy changes and help them improve their organization's overall performance and financial position To master this vital role it is imperative that they and their staff learn to be more efficient at collecting analyzing and evaluating research material by discovering how to ask the right questions and quickly discern valuable information from useless data

A Blueprint to Streamline Every Aspect of the Research Process Focusing on the entire research process from start to finish the compact but comprehensive *Understanding Research Methods: A Guide for the Public and Nonprofit Manager* explores the research designs and analytical tools that are the foundation for decision making Relying more on concepts and analysis than on mathematics this text provides insight into the definition process importance and capabilities of research addressing the topic from the perspectives of both the producer of data and the consumer who evaluates its usefulness Broken down into three sections the book Gives an overview of the research process the construction of measures and research ethics Elaborates on planning a research method presenting common research designs used by practitioners and the most useful popular ways to collect data Focuses on tools available to analyze and then communicate data specifically univariate and bivariate analyses This versatile text is intended for dual uses as a textbook for graduate and undergraduate students in public and nonprofit administration and public policy and as a practical guide for the average administrator Both groups will learn how to develop proper research questions define specific research purposes and form hypotheses that avoid confusion in measurement and analysis Imparting basic practical knowledge it outlines effective approaches to gather accurate relevant information and then effectively interpret and communicate it
