Haiku Landscapes in Sun, Wind, Rain and Snow Stephen Addiss, Akira Y. Yamamoto, Fumiko Y. Yamamoto, 2002
Juxtaposing haikus and prints on the theme of the most beautiful landscapes of Japan this volume looks at its mountains and forests rivers and streams beaches and rugged seascapes Over 120 haiku by such well known and beloved poets as Basho Issa and Buson are included as well as both full colour and black and white reproductions of prints by such masters as Korin Sekka and Ike no Taiga In his introduction Stephen Addiss writes of the unique Japanese attitude towards nature and the manner in which they incorporate this sensibility into poetry and briefly reviews the various styles of the art presented

The Art of Haiku Stephen Addiss, 2022-11-29 In the past hundred years haiku has gone far beyond its Japanese origins to become a worldwide phenomenon with the classic poetic form growing and evolving as it has adapted to the needs of the whole range of languages and cultures that have embraced it This proliferation of the joy of haiku is cause for celebration but it can also compel us to go back to the beginning to look at haiku's development during the centuries before it was known outside Japan This in depth study of haiku history begins with the great early masters of the form like Basho Buson and Issa and goes all the way to twentieth century greats like Santoka It also focuses on an important aspect of traditional haiku that is less known in the West haiku art All the great haiku masters created paintings called haiga or calligraphy in connection with their poems and the words and images were intended to be enjoyed together enhancing each other and each adding its own dimension to the reader's and viewer's understanding Here one of the leading haiku scholars of the West takes us on a tour of haiku poetry's evolution providing along the way a wealth of examples of the poetry and the art inspired by it *A Year of the Haiku* James Maxfield, 2014-04 *A Year of the Haiku* features 365 new haiku poems by James Maxfield written as a year long experiment of composing one haiku poem each day during the year 2013 using only the words provided by Haikubec a set of sixty three die pieces with five words on each piece The book includes a detailed preface about the author's process and experience writing this collection as well as a brief but scholarly introduction to haiku poetry suitable for the beginner or the experienced haiku poet **Routledge Handbook of Ecocriticism and Environmental Communication**

Scott Slovic, Swarnalatha Rangarajan, Vidya Sarveswaran, 2019-02-01 Ecocriticism and environmental communication studies have for many years co existed as parallel disciplines occasionally crossing paths but typically operating in separate academic spheres These fields are now rapidly converging and this handbook aims to reinforce the common concerns and methodologies of the sibling disciplines The Routledge Handbook of Ecocriticism and Environmental Communication charts the history of the relationship between ecocriticism and environmental communication studies while also highlighting key new paradigms in information studies diverse examples of practical applications of environmental communication and textual analysis and the patterns and challenges of environmental communication in non Western societies Contributors to this book include literary film and religious studies scholars communication studies specialists environmental historians practicing

journalists art critics linguists ethnographers sociologists literary theorists and others but all focus their discussions on key issues in textual representations of human nature relationships and on the challenges and possibilities of environmental communication The handbook is designed to map existing trends in both ecocriticism and environmental communication and to predict future directions This handbook will be an essential reference for teachers students and practitioners of environmental literature film journalism communication and rhetoric and well as the broader meta discipline of environmental humanities

Ecolinguistics Arran Stibbe, 2015-05-01 The increasingly rapid destruction of the ecological systems that support life is calling into question some of the fundamental stories that we live by stories of unlimited economic growth of consumerism progress individualism success and the human domination of nature Ecolinguistics shows how linguistic analysis can help reveal the stories we live by open them up to question and contribute to the search for new stories Bringing together the latest ecolinguistic studies with new theoretical insights and practical analyses this book charts a new course for ecolinguistics as an engaged form of critical enquiry Featuring A framework for understanding the theory of ecolinguistics and applying it practically in real life Exploration of diverse topics from consumerism in lifestyle magazines to Japanese nature haiku A comprehensive glossary giving concise descriptions of the linguistic terms used in the book Discourse analysis of a wide range of texts including newspapers magazines advertisements films nonfiction books and visual images This is essential reading for undergraduates postgraduates and researchers working in the areas of Discourse Analysis and Language and Ecology *Persimmon*, 2002 *Oltre l'autunno. The Publishers Weekly, 2002 **Haiku for a Season / Haiku per una stagione** Andrea Zanzotto, 2012-10-29 Andrea Zanzotto is one of the most important and acclaimed poets of postwar Italy This collection of ninety one pseudo haiku in English and Italian written over several months during 1984 and then revised slowly over the years confirms his commitment to experimentation throughout his life Haiku for a Season represents a multilevel experiment for Zanzotto first to compose poetry bilingually and second to write in a form foreign to Western poetry The volume traces the life of a woman from youth to adulthood using the seasons and the varying landscape as a mirror to reflect her growth and changing attitudes and perceptions With a lifelong interest in the intersections of nature and culture Zanzotto displays here his usual precise and surprising sense of the living world These never before published original poems in English appear alongside their Italian versions not strict translations but parallel texts that can be read separately or in conjunction with the originals As a sequence of interlinked poems Haiku for a Season reveals Zanzotto also as a master poet of minimalism Zanzotto's recent death is a blow to world poetry and the publication of this book the last that he approved in manuscript will be an event in both the United States and in Italy **Reflections on the Way to the Gallows** Mikiso Hane, 1993-10-06 In this book for the first time we can hear the startling moving voices of adventurous and rebellious Japanese women as they eloquently challenged the social repression of prewar Japan The extraordinary women whose memoirs recollections and essays are
