**Half in Love with Death** Emily Ross, 2015-11-06 It's the era of peace and love in the 1960s but nothing is peaceful in Caroline's life. Since her beautiful older sister disappeared fifteen years ago, Caroline might as well have disappeared too. She's invisible to her parents who can't stop blaming each other. The police keep following up on leads even Caroline knows are foolish. The only one who seems to care about her is Tony, her sister's older boyfriend who soothes Caroline's desperate heart every time he turns his magical blue eyes on her. Tony is convinced that the answer to Jess's disappearance is in California, the land of endless summer, among the street culture of runaways and flower children. Come with me, Tony says to Caroline, and we'll find her together. Tony is so loving and all he cares about is bringing Jess home. And so Caroline follows and closes a door behind her that may never open again. In a heartfelt thriller that never lets up **Half in Love with Death** Joel

Paris, 2023-07-20 The second edition of *Half in Love with Death* gives therapists new tools to help manage chronically suicidal patients. Clinicians will learn how to tolerate suicidality, understand the inner world of patients, avoid repeated hospitalizations, and focus on life situations that maintain suicidal ideas and behaviors. This new edition includes a number of major updates and a new chapter on the epidemiology of suicidality. Each chapter develops a theoretical perspective based on empirical data and many are illustrated by clinical examples. Topics addressed throughout the text include: Distinctions among various types of suicidality; The inner world of the chronically suicidal patient with a particular focus on pain, emptiness, and hopelessness; The relationship between chronic suicidality and personality disorders, especially the category of borderline personality; The effectiveness of psychotherapy and pharmacotherapy for chronically suicidal patients; The risks of litigation in managing this patient population. This is a crucially important resource for clinicians who treat chronically suicidal patients, one that provides enlightened and evidence-based guidelines. *Half in Love* Linda Gray Sexton, 2012-01-10

After the agony of witnessing her mother's multiple and ultimately successful suicide attempts, Linda Gray Sexton, daughter of the acclaimed poet Anne Sexton, struggles with an engulfing undertow of depression. Here, with powerful, unsparing prose, Sexton conveys her urgent need to escape the legacy of suicide that consumed her family, a topic rarely explored even today in such poignant depth. Linda Gray Sexton tries multiple times to kill herself even though as a daughter, sister, wife, and most importantly, a mother, she knows the pain her act would cause. But unlike her mother's story, Linda's is ultimately one of triumph. Through the help of family therapy and medicine, she confronts deep-seated issues and curbs the haunting cycle of suicide she once seemed destined to inherit. *Half in Love with Artful Death* Bill Crider, 2014-08-12
