Handbook For Conducting Research On Human Sexuality:

Handbook for Conducting Research on Human Sexuality Michael W. Wiederman, Bernard E. Whitley, Jr., 2012-12-06

Human sexuality researchers often find themselves faced with questions that entail conceptual methodological or ethical issues for which their professional training or prior experience may not have prepared them. The goal of this handbook is to provide that guidance to students and professionals interested in the empirical study of human sexuality from behavioral and social scientific perspectives. It provides practical and concrete advice about conducting human sexuality research and addresses issues inherent to both general social scientific and specific human sexuality research. This comprehensive resource offers a unique multidisciplinary examination of the specific methodological issues inherent in conducting human sexuality research. The methodological techniques and advances that are familiar to researchers trained in one discipline are often unfamiliar to researchers from other disciplines. This book is intended to help enrich the communication between the various disciplines involved in human sexuality research. Each of the 21 self-standing chapters provides an expert overview of a particular area of research methodology from a variety of academic disciplines. It addresses those issues unique to human sexuality research such as how to measure sexuality variables, how to design studies, recruit participants and collect data, how to consider cultural and ethical issues and how to perform and interpret statistical analyses. This book is intended as a reference tool for researchers and students interested in human sexuality from a variety of disciplines including psychology, sociology, family science, health communication, nursing, medicine, and anthropology.

Sex and Sexuality M. Michele Burnette, Richard McAnulty, 2006-05-30. An unprecedented source of information about sex and sexuality at the start of the 21st century, these volumes include research, current events, and new developments in subjects ranging from hypersexuality, sex for the aged, and sex therapy to orgasmic disorders, sexual fetishism, and sadism. Controversial subjects such as pornography, nude dancing, and prostitution are explored, as are dysfunctions from lack of sexual desire to gender identity disorder. Pedophilia and other crimes are also addressed. The remarkable team of contributing authors includes psychologists, sociologists, psychiatrists, medical doctors, and public health officials. They provide fresh insights on sex in America today, on sexual development in childhood, midlife, and the senior years, and on the influence of media and the family in the social construction of sex and sexuality. The books also offer insights into the psychology of sexual arousal and the effects medication can have on sexual function, and they shed light on such little heralded studies as those on sex and race and sex and religion.

The Handbook of Sexuality in Close Relationships John H. Harvey, Amy Wenzel, Susan Sprecher, 2004-04-26. The editors bring together major scholars from the diversity of fields working on close relationship topics to examine past contributions and new directions in sexuality. The emphasis is on theoretical integration and stimulation, methodological research.

Women's Sexual Function and Dysfunction Irwin Goldstein, Cindy M. Meston, Susan Davis, Abdulmaged Traish, 2005-11-17. The first definitive text on female sexual dysfunction, this major new book summarizes

Marginal Bodies, Trans Utopias Caterina Nirta, 2017-08-31 Although over the last two decades there has been a proliferation of gender studies transgender has largely remained institutionalised as an umbrella term that encapsulates all forms of gender understandings differing from what are thought to be gender norms In both theoretical and medical literature trans identity has been framed within a paradigm of awkwardness or discomfort self dislike or dysfunctional mental health Marginal Bodies Trans Utopias is a multidisciplinary book that draws primarily from Deleuze and post structuralism in order to reformulate the concept of utopia and ground it in the materiality of the present Through a radically new conceptualisation of the time and space of utopia it analyses empirical findings from trans video diaries on the Internet belonging to transgender individuals In doing so this volume offers new insights into the everyday challenges faced by these subjectivities with case studies focusing on the legal social impact of the UK's Gender Recognition Act 2004 boundaries of public and private as evidenced within public toilets and the narrative of the wrong body Contextualising and applying Deleuzian concepts such as difference and marginal to the context of the research Nirta helps the reader to understand trans as unity rather than as a mind body mismatch Contributing to the reading and understanding of trans lived experience this book shall be of interest to postgraduates and postdoctoral researchers interested in fields such as Transgender Studies Critical Studies Sociology of Gender and Philosophy of Time *Study Less, Learn More* Michael W. Wiederman, 2013-08 With this book you'll learn how memory and attention work and how to put these insights into practice for the most effective and efficient studying You'll also find research based answers to questions such as what a study environment should look like what you need to be doing in class and during study sessions and how long and how often you should be studying for maximum results Back cover [Exploring Diary Methods in Higher Education Research](#) Xuemeng Cao, Emily F. Henderson, 2021-03-28 This methodologically oriented collection brings together higher education diary research studies from international contexts to showcase the versatility of the method and its adaptability to higher education research While keeping a diary is a familiar personal practice diary method is a neglected form of research in higher education studies as

well as the social sciences more broadly This book showcases the range of options within diary method as well as the benefits and challenges that this fascinating but mysterious method may bring to students and academic researchers alike The benefits and the risks and challenges of diary research are discussed across the empirical studies included in the volume Using a variety of solicited diary techniques including audio written and photo diaries and focusing on different aspects of higher education including undergraduate and postgraduate students and academics these studies include salient topics such as LGBTQ identities faith caring responsibilities international students socioeconomically disadvantaged students and employability This important contribution to methodological innovation in the higher education research field promotes diary method as a viable option in social sciences and beyond Whether new to the method or a seasoned diary researcher this book is ideal reading for anyone who would like to learn the fundamentals of diary research and explore its feasibility in empirical contexts

Communicating Women's Health Annette Madlock Gatison, 2015-12-07 This volume explores the conditions under which women are empowered and feel entitled to make the health decisions that are best for them At its core it illuminates how the most basic element of communication voice has been summarily suppressed for entire groups of women when it comes to control of their own sexuality reproductive lives and health By giving voice to these women's experiences the book shines a light on ways to improve health communication for women Bringing together personal narratives key theory and literature and original qualitative and quantitative studies the

book provides an in depth comparative picture of how and why women s health varies for distinct groups of women Organized into four parts historical influences on patient and provider perceptions breast cancer the silence and the shame make it taboo mothering reproduction and womanhood and sex sexuality relational health and womanhood each section is introduced with a brief synthesis and discussion of the key questions addressed across the chapters *Child Maltreatment* John E.B. Myers,2011-05-02 Specifically created to complement the Third Edition of the APSAC Handbook on Child Maltreatment this collection of 23 carefully selected articles on child abuse and neglect parallels the structure of the Handbook It is also a great companion to other Sage books such as Barnett s Family Violence Across the Lifespan and Miller and Perrin s Child Maltreatment **What is Diary Method?** Ruth Bartlett,Christine Milligan,2015-11-19 This book is available as open access through the Bloomsbury Open Access programme and is available on www.bloomsburycollections.com This book provides an up to date concise and engaging introduction to solicited diary method aimed at researchers and students who want to employ this methodology in their projects Its primary focus is on the use of solicited diary method in the context of social and health related research but it also offers useful guidance on the everyday practice of diary keeping The authors draw on published research that makes use of this method including their own independent studies involving older adults and family carers The book opens with an overview of the development of diary techniques and a discussion of the value of the method and provides an overview of the different ways of collecting and using diary data and techniques for analysing it Key ethical issues are sensitively discussed The book engages with new and novel developments in solicited diary method by engaging with the use of technology including discussion of how digital devices email exchanges social media such as Facebook weblogs and micro blogging such as Twitter have the potential to change the meaning and nature of diary keeping The book includes a variety of visuals to enhance understanding including a tabulated summary of the main strengths and limitations of using diary method and strategies for mitigating limitations **Out in the Country** Mary L. Gray,2009-08-01 Winner of the 2009 Ruth Benedict Prize for Outstanding Monograph from the Society of Lesbian and Gay Anthropologists Winner of the 2010 Distinguished Book Award from the American Sociological Association Sociology of Sexualities Section Winner of the 2010 Congress Inaugural Qualitative Inquiry Book Award Honorable Mention An unprecedented contemporary account of the online and offline lives of rural LGBT youth From Wal Mart drag parties to renegade Homemaker s Clubs *Out in the Country* offers an unprecedented contemporary account of the lives of today s rural queer youth Mary L Gray maps out the experiences of young people living in small towns across rural Kentucky and along its desolate Appalachian borders providing a fascinating and often surprising look at the contours of gay life beyond the big city Gray illustrates that against a backdrop of an increasingly impoverished and privatized rural America LGBT youth and their allies visibly and often vibrantly work the boundaries of the public spaces available to them whether in their high schools public libraries town hall meetings churches or through websites This important book shows that in addition to the spaces of

Main Street rural LGBT youth explore and carve out online spaces to fashion their emerging queer identities Their triumphs and travails defy clear distinctions often drawn between online and offline experiences of identity fundamentally redefining our understanding of the term queer visibility and its political stakes Gray combines ethnographic insight with incisive cultural critique engaging with some of the biggest issues facing both queer studies and media scholarship Out in the Country is a timely and groundbreaking study of sexuality and gender new media youth culture and the meaning of identity and social movements in a digital age
