[The Complete Guide to Customer Support](#) Joe Fleischer, 2002-01-04 Today's support operations face greater responsibilities than the help desks of the 1990s. That's because customers expect 24x7 assistance on whatever channel they choose, no matter what type of products and/or services they buy. [The Complete Guide to Implementing Service and Support Management Processes](#) Carrie Higday-Kalmanowitz, 2005-03-11 The purpose of this book is to provide a practical process guide for technical support centres. It is based on the ITIL processes covered in *Service Support* ISBN 011330952X and *Service Delivery* ISBN 0113309503 but also includes additional processes as well as a Balanced Scorecard. Service Model Processes covered in the book are: Financial and Operations Management, Knowledge Management, Configuration Management, Change Management, Release Management, Incident Management, Problem Management, Service Level Management, Capacity and Workforce Management, Availability Management, IT Service Continuity Management, and Customer Satisfaction Measurement. **The Guide to I.T. Contracting** Samuel Blankson, 2007-12-01 **A Guide to Computer User Support for Help Desk & Support Specialists** Fred Beisse, 2004 A standard for help desk professionals and those considering becoming support professionals, this text focuses on key information for user support professionals including decision making, communicating successfully with a client, determining the client's specific needs, and writing for the end user. This text has been updated to reflect the latest in support industry trends, especially the use of Web and email based support. For those considering entering the field, alternate career paths for user support workers are described. This edition has retained and updated the CloseUp feature which details real life scenarios of working professionals and issues in the workplace. With balanced coverage of both people skills and technical skills, this book is an excellent resource for those in the technical support field. **A Guide to Help Desk Concepts** Donna Knapp, 2003 The second edition of Donna Knapp's highly successful first edition introduces service concepts, skill sets, career paths, and operations of the help desk industry. The author's expertise provides strong real world computer support examples and case studies. **Velocity: The Basics** James Arthur Johnson, 2014-02-24 This book teaches one how to program in the Velocity Template Language (VTL) and covers methods thereof with practical examples of how to
