[An Evidence-based Approach to the Treatment and Care of the Older Adult with Cancer](#) Diane G. Cope,Anne M. Reb,2006 Description The book offers a comprehensive overview of the treatment and care of the older adult with cancer The evidence based practice approach is timely and provides the foundation for nursing practice that is the expected standard of care The use of the case study at the end of each chapter assists the reader in the

synthesis and application of the information The book addresses every aspect of the care and treatment of not only the cancer patient but also the family The chapter on complementary therapy is a bonus Purpose The purpose is to focus on the unique aspects of treatment and care that the older adult with cancer requires Addressing the older adult with cancer is of paramount importance to not only the health of the individual but of the family community and society The book meets the author s objectives Audience This is written for all healthcare providers The authors have written a book that can be used by gero oncology nurses but it is appropriate for the multidisciplinary team that provides care to the older adult with cancer The authors have the professional background with applicable experience to edit this book Features This book covers more than the care and treatment of cancer in the older adult It provides necessary background information that demonstrates the impact of cancer on the older patient and their significant others The assessment information is useful for both experienced and novice nurses The use of chapter case studies enables healthcare providers to apply the chapter content The use of an evidence based practice approach to delivering healthcare is essential The information allows nurses to use the findings from reviewed research literature in providing the best care for their patients in an efficient manner that also considers patient preferences the risks and the benefits of treatment or lack thereof Assessment This book provides guidance to novice to expert nurses in the treatment and care of the older adult cancer patient using a holistic approach The chapters are well written by authors who are experts in their field The Cochrane Guidelines are considered the gold standard for evaluating research that impacts treatment selection and care of all patients Their use in the reference materials lends credibility to the information that is presented in the book Publisher *Medical-Surgical Nursing - E-Book* Donna D. Ignatavicius,M. Linda Workman,Cherie Rebar,2017-09-09 Awarded second place in the 2018 AJN Book of the Year Awards in Medical Surgical Nursing Healthcare is evolving at an incredible pace and with it the roles and responsibilities of the medical surgical nurse Ensure you are fully equipped to thrive and adapt in this ever changing nursing environment with Ignatavicius Workman and Rebar s Medical Surgical Nursing Concepts for Interprofessional Collaborative Care 9th Edition This trendsetting text not only covers all essential adult health knowledge but also reinforces the application conceptual thinking and clinical judgment skills that today s nurses need to stay one step ahead in delivering exceptional patient care no matter the environment As with previous Iggy editions you ll find a unique collaborative care approach to adult health nursing a thorough integration of QSEN competencies extensive NCLEX Exam preparation and a direct reader friendly tone throughout the text This ninth edition incorporates two emerging and complementary trends the Core Competencies for Interprofessional Collaborative Practice and a more conceptual approach teaching and learning areas that will ground you in how to think like a nurse and how to apply the knowledge you gain from the text to clinical practice There are a lot of med surg nursing texts out there but there s only one that combines all the information concepts and on the job realities in a way that makes perfect sense Iggy Trendsetting QSEN integration emphasizes patient safety and evidence based practice with Nursing Safety Priority boxes

including Drug Alerts Critical Rescues and Action Alerts UNIQUE Emphasis on clinical judgment helps you develop skills in clinical reasoning and clinical decision making when applying concepts to clinical situations Strong emphasis on NCLEX Exam preparation includes chapter opening Learning Outcomes and chapter ending Get Ready for the NCLEX Examination sections organized by NCLEX Client Needs Categories plus NCLEX Examination Challenge questions with an answer key in the back of the book and on the Evolve companion website Exceptionally readable content features shorter sentences straightforward vocabulary and a direct reader friendly writing style

**Maxillofacial Surgery** Peter A. Brennan, Henning Prof Dr Schliephake, G.E.
