Deep Clearing - Releasing the Power of Your Mind Rolf Dane,2017-01-26 Second expanded edition DEEP Clearing builds on the age old model of head heart and hand we have a mental side an emotional side and a body and action side A basic principle in DEEP is that emotional charge stress and trauma persists when there is a conflict between diverging forces and views That a collision can result in emotional charge is of course well known That the same collision in session can be re experienced from own point of view as well as from the opponent s is new The client in a DEEP session will be enabled to see the collision in detail from both sides You are enabled to see the three elements of thought emotion and body on each side and thus fully dissolve the original resistive recordings The scars from the painful experiences disappear The book is a step by step manual in putting these theories to the test DEEP Clearing contains all the instructions needed to perform a DEEP Clearing session
