

HEALTH, MEDICINE AND JUSTICE

*Designing a Fair and Equitable
Healthcare System*

Health, Medicine and Justice is not your typical health care book. It challenges the very goals underlying the U.S. health care system: "We are getting what our system is designed to get—profit and wealth for those who control it, rather than health for the people of the nation." If you think this idea is too controversial, this book is full of facts that make the case.
