Heart Beguiling Araby The English Romance With Arabia Tauris Parke Paperbacks:

Heart Beguiling Araby Kathryn Tidrick,2009-11-30 What is it about Arabia and her people that has exercised such a powerful allure on generations of English travellers and explorers A land whose name could evoke haunting echoes of the unconscious a country of the mind more real than any place on a map had by the Victorian era become a deep and lasting obsession for some of the greatest writers and explorers of the time Here are the stories of some of those men iconic figures like T E Lawrence and Richard Burton whose extraordinary relationships with and explorations of Arabia changed the way we now perceive the Arab world and formed the basis of the West s understanding of the region Riveting and beautifully portrayed Heart Beguiling Araby reveals how these ultimately lonely figures pushed themselves to the limits of physical and mental endurance surviving and prevailing in a land that had captivated them thus binding their legends to its sweeping deserts and ancient tribes for generations to come

The Arabian Desert in English Travel Writing Since 1950 Jenny Walker,2022-12-30 Broadly this book is about the Arabian desert as the locus of exploration by a long tradition of British travellers that includes T E Lawrence and Wilfred Thesiger more specifically it is about those who since 1950 have followed in their literary footsteps In analysing modern works covering a land greater than the sum of its geographical parts the discussion identifies outmoded tropes that continue to impinge upon the perception of the Middle East today while recognising that the laboured binaries of East and West desert and sown noble and savage have outrun their course Where however only a barren legacy of latent Orientalism may have been expected the author finds instead a rich seam of writing that exhibits diversity of purpose and insight contributing to contemporary discussions on travel and tourism intercultural representation and environmental awareness By addressing a lack of scholarly attention towards recent additions to the genre this study illustrates for the benefit of students of travel literature or indeed anyone interested in Arabia how desert writing under the emerging configurations of globalisation postcolonialism and ecocriticism acts as a microcosm of the kinds of ethical and emotional dilemmas confronting today s travel writers in the world s most extreme regions

The Great Betrayal Fawaz A. Gerges,2025-04-29 How the Middle East can achieve political change and social progress The Middle East is in upheaval a widening chasm between state and society the failure of governing elites to address citizens genuine grievances massive economic mismanagement all made worse by repeated interventions by Western powers Why has political change been so difficult to achieve In The Great Betrayal Fawaz Gerges argues that the convergence of political authoritarianism meddling by the West and the effects of prolonged regional conflicts have produced political paralysis and economic stagnation The agency of everyday people has been thwarted by an authoritarian status quo that is maintained by a powerful partnership of external and internal forces Gerges traces more than a century of consequential events in the region from the end of the Ottoman Empire and the European carve up of the Middle East to the Iranian Revolution and the Arab Spring uprisings He shows how the people of the Middle East have been systematically denied self determination political

representation and effective government Gerges finds that the region with its diversity variability and volatility defies abstract grand theories previous accounts that have attributed the Middle East s problems to any one cause such as modernism ignore the complexity and specificity of the issues What can we learn from the Middle East s vexed history Gerges is optimistic declaring that the region s future will be determined not by dictators and their superpower patrons but by a growing population of Arab and Muslim youth who demand to be treated as citizens and not as subjects *Empire and the English Character* Kathryn Tidrick,2008-10-30 Kathryn Tidrick s highly acclaimed book explores the origins of the ideal of British imperial rule and the effect it had on the character of the English ruling classes From the Lawrence brothers of the Punjab Rajah James Brooke of Sarawak and Mountbatten to Frederick Courtenay Selous Elspeth Huxley and Cecil Rhodes Tidrick illuminates some of the extraordinary lives and actions of the people that formed and governed the British Empire from India to Africa and beyond
