American Quaker Romances Carolina Fernández Rodríguez, 2021-12-20 Quaker characters have peopled many an American literary work most notably Uncle Tom's Cabin as Quakerism has been historically associated with progressive attitudes and the advancement of social justice With the rise in recent years of the Christian romance market dominated by American Evangelical companies there has been a renewed interest in fictional Quakers In the historical Quaker romances analyzed in this book Quaker heroines often devote time to spiritual considerations advocate the sanctity of marriage and promote traditional family values However their concern with social justice also leads them to engage in subversive behavior and to guestion the status quo as illustrated by heroines who are active on the Underground Railroad or are seen organizing the Seneca Falls convention Though relatively liberal in terms of gender Quaker romances are considerably less progressive when it comes to race relations Thus they reflect America's conflicted relationship with its history of race and gender abuse and the country's tendency to both resist and advocate social change Ultimately Quaker romances reinforce the myth of America as a White and Christian nation here embodied by the Quaker heroine the all powerful savior who rescues Native Americans African Americans and Jews while conquering the hero's heart Conflict and Colonialism in 21st Century Romantic Historical Fiction Hsu-Ming Teo, Paloma Fresno-Calleja, 2024-06-13 This book explores how postmillennial Anglophone women writers use romantic narrativisations of history to explore revise repurpose and challenge the past in their novels exposing the extent to which past societies were damaging to women by instead imagining alternative histories The novelists discussed employ the generic conventions of romance to narrate their understanding of historical and contemporary injustice and to reflect upon women s achievements and the price they paid for autonomy and a life of public purpose The volume seeks firstly to discuss the work of revision or reparation being performed by romantic historical fiction and secondly to analyse how the past is being repurposed for use in the present It contends that the discourses and genre of romance work to provide a reparative reading of the past but there are limitations and entrenched problems in such readings
