Comanches, Captives, and Germans Daniel J. Gelo, C. B. "Hoppy" Hopkins, Christopher J. Wickham, Bryden E. Moon, 2025-09-17 2025 Winner of the Conservation Society of San Antonio Publication Award Around 1848 Wilhelm Friedrich a young German immigrant to Texas completed three drawings that capture unique details of life on the frontier Friedrich's sketches feature Comanches Germans a captive girl a wagon train the landscape and wildlife of the Texas Hill Country and dynamic scenes of cultural contact Friedrich is the only artist known to have produced contemporaneous images of a Comanche captive while still in captivity The authors use their expertise in Comanche culture German immigration art and Hill Country history to explore the many layers of meaning in Friedrich's drawings Who was Wilhelm Friedrich How did he come to Texas What information does he pack into his drawing How can we understand his work as art as data about Comanche life and customs and as a record of German values and priorities in the New World Who is the captive girl And why is her portrayal important today **The German Texas Frontier in 1853** Daniel J. Gelo, Christopher J. Wickham, 2024-03-15 Ferdinand Lindheimer was already renowned as the father of Texas botany when in late 1852 he became the founding editor of the *Neu Braunfelser Zeitung* a German language weekly newspaper for the German settler community on the Central Texas frontier His first year of publication was a pivotal time for the settlers and the American Indians whose territories they occupied Based on an analysis of the paper's first year and drawing on methods from documentary and narrative history ethnohistory and literary analysis Daniel J. Gelo and Christopher J. Wickham deliver a new chronicle of the frontier in 1853 In keeping with Lindheimer's background as a naturalist the natural resources available are a constant subject for reporting One special concern is the availability and ownership of wood so essential for building lumber fencing and fuel Most dramatically the discovery of trace amounts of gold encouraged prospecting by German and Anglo settlers which later influenced decisions to remove Indians to reservations The activities of the area's Indian peoples emerge in weekly details not found in other sources Some Lipan Apaches are killed when the army does not learn of their peaceful intentions restitution is made at Fredericksburg A settler named Gadt is murdered and Tonkawas are suspected A horse raid southeast of San Antonio is blamed on the Lipans but turns out to be the work of non-Indians in disguise The Delawares are driven temporarily to Indian Territory Comanche men leave their families at Fort Chadbourne to embark on a raid against the Lipans The Penateka band of Comanches honors the peace agreement they signed with the Germans six years earlier but their days in the region are numbered Lindheimer enhances the reportage with lengthy features on related subjects and exerts a strong editorial voice as he seeks to influence the development of a distinctive Texas German identity His work explained in this new study will appeal not only to students of Texas history and ecology Indigenous populations immigration intercultural encounters and nineteenth century Americana but also to general readers who enjoy the rediscovery of hidden history **Directory of Minority College Graduates** United States.
