Woke Church Eric Mason, 2018-10-02 Between the Christianity of this land and the Christianity of Christ I recognize the widest possible difference Frederick Douglass 1845 The prophets of old were not easy to listen to because they did not flatter They did not cajole They spoke hard words that often chafed and unsettled their listeners Like the Old Testament prophets and more recent prophetic voices like Frederick Douglass Dr Eric Mason calls the evangelical church to a much needed reckoning In a time when many feel confused complacent or even angry he challenges the church to Be Aware to understand that the issue of justice is not a black issue it s a kingdom issue To learn how the history of racism in America and in the church has tainted our witness to a watching world Be Redemptive to grieve and lament what we have lost and to regain our prophetic voice calling the church to remember our gospel imperative to promote justice and mercy Be Active to move beyond polite safe conversations about reconciliation and begin to set things aright for our soon coming King who will be looking for a WOKE CHURCH

Beyond Multiculturalism Charles A. Cook, Lorajoy Tira-Dimangondayao, Lauren Umbach, 2024-10-29 The Canadian socio cultural landscape is undergoing constant transformation due to immigration Communities of faith have traditionally embraced this diversity through a stance of hospitality framed by a modern idea of multiculturalism However

the modern idea of multiculturalism often falls short of fully integrating newcomers into the family life and leadership of a congregation As diverse cultural expressions of world Christianity continue to blossom throughout Canada both new and established Canadians must explore relational approaches to transcend historical cultural racial and linguistic divides The goal is to foster genuine community and forge deeper covenantal unity allowing the transformative nature of King Jesus to be evident to the world Beyond Multiculturalism advocates for Christians to showcase tangible examples of Jesus Kingdom culture in which humility compassion and self giving love are valued Authored by Canadian scholars and practitioners representing twelve ethnicities and ten denominations the chapters delve into various theological sociological and pragmatic aspects that churches should address These considerations aim to guide churches into deeper conversation enabling them to align with the evolving dynamics of God s work in Canada and worldwide **Permission to Grieve** Toby D.

Castle,2024-07-22 Being a follower of Jesus in the evangelical community in America is equated to a posture practice and pursuit of triumphalism Followers of Jesus have misunderstood maybe even lost the great value of public and private lament Lament is incongruent with a theology of continual and ongoing triumphalism Yet suffering loss and lament permeate Scripture and the human experience To lament is to cry out to God with our doubts and to bring complaints against God It is a posture and practice of worship and surrender that helps followers of Jesus wrestle engage process and understand loss creating a sacred space for the suffering voice to speak Lament is a practice absent in the church that is recognized and understood as a way of naming grief and suffering of standing and hoping in the midst of ruins In the context of San Francisco the practice and theology of lament in the lives of those who follow Jesus becomes a parody of cultured syllogisms and hyper vanquishing that forms a community frail to moments of liminality anxious in seasons of uncertainty and ill equipped to deal with the obscurities of everyday life **Practical Theology for Church Diversity** Ken J.

Walden,2015-04-20 Cross racial pastoral ministry and multicultural ministry are wonderfully complex endeavors Practical Theology for Church Diversity suggests that they include a substantial amount of conversation preparation and prayer if they are to be done faithfully Sacred spaces within Christian churches can have a meaningful witness through diversity in their particular locations This book skillfully informs gently challenges and respectfully questions some widespread components of church life along demographic lines Most importantly it focuses on pragmatic approaches to cross cultural pastoral ministry and multicultural ministry for readers to utilize All persons of faith religious institutions professors seminarians and others interested in church diversity on any level will find this book a valuable resource **Leading Beyond** Pierre Everson

Cannings,2024-06-21 A common clich states that Sunday is the most racially divided day of the week Authors have attempted to study the division in church but it continues to be a perpetual problem for Christianity The racial divide in Christianity demands continual study and research dedicated to finding answers in the history of the Bible The book of Acts provides the historical account of the early church s cultural diversity and the apostles leadership to spread the gospel all over the world

in the first century Therefore it is critical to research the apostles leadership specifically Peter and Paul to the diversity of the early church following Pentecost in the book of Acts and to apply discovered leadership principles to modern day church

Letters to a Birmingham Jail Bryan Loritts, 2014-03-26 More than fifty years ago Dr Martin Luther King Jr wrote his Letter from a Birmingham Jail Much has transpired in the half century since and progress has been made in the issues that were close to Dr King s heart Thankfully the burning crosses biting police dogs and angry mobs of that day are long gone But in their place passivity has emerged A passivity that must be addressed That s the aim of Letters to a Birmingham Jail A collection of essays written by men of various ethnicities and ages this book encourages us to pursue Christ exalting diversity Each contribution recognizes that only the cross and empty tomb of Christ can bring true unity and each notes that the gospel demands justice in all its forms This was a truth that Dr King fought and gave his life for and this is a truth that these modern day drum majors for justice continue to beat

Reaching for the New Jerusalem Seong Hyun Park, Aída Besançon Spencer, William David Spencer, 2013-08-02 The task of this book is to examine the biblical and theological meaning of the city and our mission within it It starts with the premise that the garden is lost and we are headed toward the New Jerusalem the city of God In the meanwhile we dwell in earthly cities that need to be adjusted to God s city The fall has conditioned us to fear the city though historically God intended it to provide safety even refuge We have to band together and act to take back our communities if we are to help God in the divine task of reconciling the world to Godself by assisting God in adjusting our communities to God s New Jerusalem rebuilding our own cities of Enoch on the blueprints of Christ to go into all the world and share his good news building the Christian community along the lines of the New Jerusalem a city of light in which God is revealed from the Introduction by William David Spencer Toward achieving this goal this single accessible volume brings together the biblical the systematic and the practical aspects of urban ministry by various contributors who are urban practitioners and theologians themselves and have taught at Gordon Conwell Theological Seminary Boston Campus

Something Seems Strange Anthony B. Bradley, 2016-09-21 Life happens at the intersection of faith and culture Whether we are Christians or not we all have some narrative about the way the world ought to be that shapes how we view the world and live our lives In this book Anthony Bradley explores those intersections in ways that analyze and direct our imaginations toward the best practices that lead to human flourishing Economics political philosophy sociology psychology and theology are just a few of the disciplines used in an attempt to make sense of a world where things are not the way they are supposed to be Something does seem strange about the world but we are not left without tools and principles that we need to make life work at the intersections of faith and culture The aim of Something Seems Strange is to provide a model of thinking about life at those intersections so that people can lively freely according to their God given design

The Present and Future of Evangelical Mission Narry F. Santos, Xenia Ling-Yee Chan, 2022-07-15 Crisis is an invitation to both prophetic evaluation and new imagination In this volume Canadian missiologists and practitioners consider

the past and how the past might enable the church to move forward in Christian mission in the academy agency assembly and the agora How can the Canadian church welcome different voices from the periphery What must be done to empower the next generation How can we respond in light of the injustices done to our Indigenous brothers and sisters Where does reconciliation fit into the picture How might we navigate between secularization and fundamentalisms How ought we move together in mission and in unity across denominational difference How can we equip laypeople to live their callings faithfully in the agora How can work in the marketplace be ministry And lastly how is the Spirit at work in our contexts in this day and age These questions among others onboard us into the ongoing conversation about the state of evangelical mission in Canada and each of these essays adeptly lead us into the beginnings of answers to these questions These essays address how the past informs our future and how we might answer the prophetic call with both hope and renewed vigor to participate in the mission of God

Worship Beyond Nationalism Rob Hewell, 2012-02-01 The church in the United States faces a dilemma How is it possible for Christ's followers to worship faithfully in a nationalistic environment where religion and politics enjoy a vigorous affiliation while the separation of church and state is celebrated as the standard for the relationship between nation and faith When nationalism propagates itself through a cross pollination of the stories symbols and celebrations of the nation state and religious groups the stage is set for a national history bearing the character of sanctified legend Such resulting civil religious activity is likely to create dissonance for Christ's followers between what they understand to be biblically faithful and what nationalistic practices may endorse as religiously valid *Worship Beyond Nationalism* explores faithful worship as a political act by which Christians declare their allegiance to God in Christ rather than to worldly empires enabling congregations to enact the reality of God's kingdom and embody the gospel for the glory of God and for the sake of the world

Decolonizing Wesleyan Theology Filipe Maia, 2024-02-15 What can movements for decolonization teach Wesleyan theology This book faces this question to show that decolonial voices are reshaping the contours of Methodist and Wesleyan traditions Contributors to this volume include theologians pastors and leaders in the Global South who are leading the people called Methodists to encounter the tradition anew in the radical spirit of decolonization

Christian Egalitarian Leadership Aida Besancon Spencer, William David Spencer, 2020-10-30 Much has been written on servant leadership but it is not always tied to egalitarian leadership Sometimes authority and power instead of God's love are presented as the core of the Christian faith The church at times derails imitating worldly culture emphasizing entitlement that relies on an innate or permanent human hierarchy of rank Responding to today's conflict over leadership *Christian Egalitarian Leadership* calls us back to its biblical roots what is Christian egalitarian leadership Why is it biblical How does it work Thoughtful and devout Christian leaders carefully explain how sharing leadership follows God's intentions and is crucial to implement today The theoretical and practical ramifications of these concepts are extended to many areas of the Christian life by numerous qualified individuals women and men of different races and economic and social classes Chapters overview New Testament teachings

Roxburgh, 2021-02-16 Leaders in congregations and Christian organizations wrestle with an unraveling of the world in which they have little experience and training While they are offered unending resources by experts on leadership some with claims to biblical blueprints the challenges seem mismatched to those methods Branson and Roxburgh frame the situation as one in which modernity's wager the conviction that God is not necessary for life and wisdom and meaning has defined the Western imagination Because churches and leaders are colonized by this ethos even when God is named and beliefs are claimed approaches to leadership are blind to God's agency Branson and Roxburgh approach this challenge as a work in practical theology attending to our cultural context narratives of God's disruptive initiatives in Scripture and a reshaping of leadership theories with a priority on God's agency With years of experience as teachers consultants and guides they name practices which lead to more faithful participation Leadership God's Agency and Disruption is wide ranging in cultural and biblical scholarship challenging in its engagement with numerous leadership studies and practical with its focus toward the on the ground life of churches and organizations

Incorporating Children in Worship Michelle A. Clifton-Soderstrom, David Bjorlin, 2014-06-18 Incorporating children in worship is a powerful and overlooked mark of God's kingdom This book argues that children's full participation in worship signifies not only a vibrant faithful communion but also offers a critical window into the Spirit's work of linking the church to Christ Children have a vocation in worship They embody the theological virtues in distinct ways that enrich the worship of the whole church Moreover incorporating children reflects the difference in unity that is God's triune life Receiving children in their difference moves the worshipping body toward the telos of worship glorification of God and sanctification of humanity and habituates the worshipping body to incorporate other often more threatening kinds of difference *Salt, Light, and a City, Second Edition* Graham Joseph Hill, 2020-07-24 Jesus is calling his church to be a multiethnic and missional people who listen and learn from the many voices of world Christianity Graham Joseph Hill issues a moving call for churches to be missional by being conformed to the image of Jesus Christ Hill does this by exploring the thinking of twenty five Asian
