Fiction's Present R. M. Berry, Jeffrey R. Di Leo, 2015-05-11 Combining creative and critical responses from some of today's most progressive and innovative novelists critics and theorists *Fiction's Present* adventurously engages the aesthetic political philosophical and cultural dimensions of contemporary fiction By juxtaposing scholarly articles with essays by practicing novelists the book takes up not only the current state of literature and its criticism but also connections between contemporary philosophy and contemporary fiction In doing so the contributors aim to provoke further discussion of the present inflection of fiction a present that can be seen as Janus faced looking both forward to the novel's radically changed political economic and technological circumstances and back to its history of achievements and problems Editors R M Berry and Jeffrey R Di Leo contend that examinations of fiction's present are most informative not when they defend philosophical distinctions or develop literary classifications but when they grapple with elusive topics such as the meaning of a narrative present or the relation of fiction's medium to its representations of context

As the essays reveal this process when pursued diligently breaks down traditional divisions of academic and intellectual labor compelling the fiction writer to become more philosophical and the theorist to become more imaginative The value of this book is not in the exhaustiveness of its treatment but rather in the seriousness of the criticism it incites The present materializes in quarrel and it is toward such a beginning that the writings in Fiction's Present work *Rendering Techniques 2000* B. Palma,2015-07-28 The Map of Time Characters real and imaginary come vividly to life in this whimsical triple play of intertwined plots in which a skeptical H G Wells is called upon to investigate purported incidents of time travel and to save lives and literary classics including Dracula and The Time Machine from being wiped from existence What happens if we change history Félix J Palma explores this provocative question weaving a historical fantasy as imaginative as it is exciting a story full of love and adventure that transports readers from a haunting setting in Victorian London to a magical reality where centuries collide and a writer's mind seems to pull at all the strings The Map of the Sky 1898 New York socialite Emma Harlow agrees to marry well to do Montgomery Gilmore but only if he first accepts her audacious challenge to reproduce the Martian invasion featured in H G Wells's popular novel The War of the Worlds Meanwhile in London Wells himself is unexpectedly made privy to certain objects apparently of extraterrestrial origin that were discovered decades earlier on an ill fated expedition to the Antarctic On that same expedition was an American crew member named Edgar Allan

Poe whose inexplicable experiences in the frozen wasteland would ultimately inspire him to create one of his most enduring works of literature When eerie alien looking cylinders begin appearing in London Wells is certain it is all part of some elaborate hoax But soon to his great horror he realizes that a true invasion of Earth has indeed begun As brave bands of citizens converge on a crumbling London to defend it against utter ruin Emma and her suitor must confront the enigma that is their love a bright spark of hope even against the darkening light of apocalypse The Map of Chaos When the person he loves most dies in tragic circumstances the mysterious protagonist of The Map of Chaos does all he can to speak to her one last time A session with a renowned medium seems to offer the only solution but the experience unleashes terrible forces that bring the world to the brink of disaster Salvation can only be found in The Map of Chaos an obscure book that he is desperate to uncover In his search he is given invaluable help by Sir Arthur Conan Doyle Lewis Carroll and of course by H G Wells whose Invisible Man seems to have escaped from the pages of his famous novel to sow terror among mankind They alone can discover the means to save the world and to find the path that will reunite the lovers separated by death **Bulletin of the Public Library of the City of Boston** Boston Public Library, 1919
