The Straight Mind in Corinth Gillian Townsley, 2017-07-28 A new reading that troubles and transgresses the normal with regard to biblical studies and our understandings of gender and sexuality Despite its lack of both historical and exegetical clarity 1 Corinthians 11:2-16 has often been fundamental to understandings of gender and sexuality in many Christian traditions In particular a hierarchical model of gender and a heterosexual model of sexuality tend to dominate and are presented as natural and God ordained With the materialist lesbian theory of Monique Wittig providing the theoretical basis for discussion this book intersects various biblical theological and queer lines of inquiry across 1 Corinthians 11:2-16 in order to reveal and challenge these models of gender and sexuality that lie behind both the text itself and its various interpretations Features Reveals the complex relationship between effeminacy masculinity and sexual relations in the first century Greco Roman environment of the New Testament Explores the ideologies of sexuality that underlie much of the debate within evangelical circles Examines Karl Barth's theology on the binary pairing of man and woman as asymmetrically related to each other and to God through the notion of the imago dei revealing and challenging the ways in which this reflects androcentric and patriarchal ideologies

backdrop Weber takes the reader into these women's daily lives of masked balls hunts dinners court visits nights at the opera or theater But we see as well the loneliness rigid social rules and loveless arranged marriages that constricted these women's lives Proust as a twenty year old law student in 1892 would worship them from afar and later meet them and create his celebrated composite character for *The Remembrance of Things Past* **Marcel Proust's Search for Lost Time** Patrick Alexander,2009-09-22 An accessible irreverent guide to one of the most admired and entertaining novels of the past century *Remembrance of Things Past* There is no other guide like this a user friendly and enticing entry into the marvelously enjoyable world of Proust At seven volumes three thousand pages and more than four hundred characters as well as a towering reputation as a literary classic Proust's novel can seem daunting But though begun a century ago in 1909 it is in fact as engaging and relevant to our times as ever Patrick Alexander is passionate about Proust's genius and appeal he calls the work outrageously bawdy and extremely funny and in his guide he makes it more accessible to the general reader through detailed plot summaries historical and cultural background a guide to the fifty most important characters maps family trees illustrations and a brief biography of Proust Essential for readers and book groups currently reading Proust and who want help keeping track of the huge cast and intricate plot this Reader's Guide is also a wonderful introduction for students and new readers and a memory refresher for long time fans **Mapping the Territory** Christopher Bram,2013-05-28 *DIV*The first collection of nonfiction from the author Tony Kushner calls one of the best novelists writing in the world today *div**DIV* Over a thirty year period novelist Christopher Bram witnessed and lived through the powerful experiences of coming out the AIDS epidemic gay marriage and the social changes that have occurred in lower Manhattan From the title piece which maps the state of gay fiction to *A Body in Books* about the gay books that changed the author's life the essays in *Mapping the Territory* form a coherent autobiographical account of Bram's life This work wouldn't be complete without *Homage to Mr Jimmy* his account of how his novel *Father of Frankenstein* grew from his imagination and writing into the Oscar winning movie *Gods and Monsters* *Mapping the Territory* is a thoroughly engaging and compelling look into a great American writer *div* *The Arvon Book of Life Writing* Sally Cline,Carole Angier,2010-04-01 Fascinating wide ranging hugely knowledgeable an indispensable guide and a beguiling education William Boyd Packed with insights and advice just the inspiration to start writing Jenny Uglow Everyone has a story This book shows how the best writers tell them and offers advice on how to tell them yourself Biographers Sally Cline and Carole Angier teach life writing an area of creative writing that is exploding in popularity at the world famous Arvon Foundation They have distilled the essence of their popular course on memoir autobiography and biography into this wide ranging book *The Arvon Book of Life Writing* offers three fascinating ways into the genre First reflections on their trade by the authors exploring its special challenges truth memory ethics evidence and interpretation Second personal tips and tales from 32 top British and American life writers autobiographers and memoirists literary sports and celebrity biographers plus a critic an agent a literary editor two novelists and a ghost writer

In this provocative book eclectic teacher and therapist Ira Israel offers a powerful comprehensive step by step path to recognizing the ways of being that we created as children and transcending them with compassion and acceptance. By doing so we discover our true callings and cultivate the authentic love we were born deserving. *Roberto Bolaño's Fiction* Chris Andrews, 2014-07-29

Since the publication of *The Savage Detectives* in 2007 the work of Roberto Bolaño 1953-2003 has achieved an acclaim rarely enjoyed by literature in translation. Chris Andrews a leading translator of Bolaño's work into English explores the singular achievements of the author's oeuvre engaging with its distinct style and key thematic concerns incorporating his novels and stories into the larger history of Latin American and global literary fiction. Andrews provides new readings and interpretations of Bolaño's novels including *2666*, *The Savage Detectives* and *By Night in Chile* while at the same time examining the ideas and narrative strategies that unify his work. He begins with a consideration of the reception of Bolaño's fiction in English translation examining the reasons behind its popularity. Subsequent chapters explore aspects of Bolaño's fictional universe and the political ethical and aesthetic values that shape it. Bolaño emerges as the inventor of a prodigiously effective fiction making system a subtle handler of suspense a chronicler of aimlessness a celebrator of courage an anatomist of evil and a proponent of youthful openness. Written in a clear and engaging style *Roberto Bolaño's Fiction* offers an invaluable understanding of one of the most important authors of the last thirty years. *Au Revoir, Tristesse* Viv Groskopf, 2020-06-09

Groskopf skillfully juggles memoir biography philosophy and literary criticism to create a delightful tour through some of French literature's greats. Madeline Miller New York Times bestselling author. Like many people the world over Viv Groskopf wishes she was a little more French. A writer comedian and journalist Groskopf studied the language obsessively starting at age 11 and spent every vacation in France desperate to escape her Englishness and to have some French chic rub off on her. In *Au Revoir Tristesse* Groskopf mixes literary history and memoir to explore how the classics of French literature can infuse our lives with *joie de vivre* and teach us how to say goodbye to sadness. From the frothy hedonism of Colette and the wit of Cyrano de Bergerac to the intoxicating universe of Marguerite Duras and the heady passions of *Les Liaisons dangereuses* this is a love letter to great French writers. With chapters on Marcel Proust Victor Hugo Gustave Flaubert Stendhal Honoré de Balzac Albert Camus and of course Françoise Sagan this is a delectable read for book lovers everywhere. Ms Groskopf is a skilled raconteuse who brings people and the page to life. She writes with a self-deprecating appreciation of the Frenchman or woman *manqu'e* that lurks in us all. You don't have to be a savant to enjoy this book. *Au Revoir Tristesse* will make a witty seductive companion. *The Wall Street Journal*. Groskopf's combination of her own memories what the novels meant to her at different stages in her life her description of the authors along with her

description of the novels will have readers eagerly turning the book's pages Forbes **The Journal of Philosophy**, 1999

Proust's In Search of Lost Time Katherine L. Elkins, 2023 With the story of a madeleine dipped in tea Marcel Proust makes famous moments that transport one to an earlier time thought lost forever His *In Search of Lost Time* announces a quest narrative with lost time as its goal We follow the journey of a young man as he strives to become the writer he longs to be and his journey entails discovering a sense of self in which past and present intertwine The narrator is delayed in his goal by various digressions including journeys into the worlds of the salons and of art For this reason the novel offers far more avenues for philosophical reflection than simply a meditation on time and identity *In Search of Lost Time* includes reflections on love and jealousy joy and suffering the enchantments of art and the disillusionments of friendship This volume brings together prominent philosophers and critics to illuminate these many themes Eight essays treat a wide range of topics including fiction biography temporality music love jealousy weather and consciousness One of the longest and most complex novels ever written *In Search of Lost Time* has fascinated philosophers for decades The contributors in this volume build upon earlier approaches to offer new avenues and directions for philosophical thought **The Facts on File Companion**

to the French Novel Karen L. Taylor, 2006 French novels such as *Madame Bovary* and *The Stranger* are staples of high school and college literature courses This work provides coverage of the French novel since its origins in the 16th century with an emphasis on novels most commonly studied in high school and college courses in world literature and in French culture and civilization **Sleep and the Novel** Michael Greaney, 2018-04-04 *Sleep and the Novel* is a study of

representations of the sleeping body in fiction from 1800 to the present day which traces the ways in which novelists have engaged with this universal indispensable but seemingly nondescript region of human experience Covering the narrativization of sleep in Austen the politicization of sleep in Dickens the queering of sleep in Goncharov the aestheticization of sleep in Proust and the medicalization of sleep in contemporary fiction it examines the ways in which novelists envision the figure of the sleeper the meanings they discover in human sleep and the values they attach to it It argues that literary fiction harbours on its margins a sleeping partner one that we can nickname the Schlafroman or sleep novel whose quiet absorption in the wordlessness and passivity of human slumber subtly complicates the imperatives of self awareness and purposive action that traditionally govern the novel **Somatic Desire** Christine Rojewicz, Richard Kearney, Sarah Horton, Stephen Mendelsohn, 2019-01-17 The essays in this volume all ask what it means for human beings to be embodied as desiring

creatures and perhaps still more piercingly what it means for a philosopher to be embodied In taking up this challenge via phenomenology psychoanalysis hermeneutics and the philosophy of literature the volume questions the orthodoxies not only of Western metaphysics but even of the phenomenological tradition itself We miss much that has philosophical import when we exclude the somatic aspects of human life and it is therefore the philosopher's duty now to rediscover the meaning inherent in desire emotion and passion without letting the biases of any tradition determine in advance the meaning that

reveals itself in embodied desire Continental philosophers have already done much to challenge binary oppositions and this volume sets out a new challenge we must now also question the dichotomy between being at home and being alienated Alterity is not simply something out there separate from myself rather it penetrates me through and through even in my corporeal experience My body is both my own and other I am other than myself and therefore other than my body Additionally this book is a conversation not a presentation of a new orthodoxy Thus the hope is that these essays will open the way for further dialogue that will continue to radically rethink our understanding of embodied desire Gathered together here are twelve essays that address these issues from deeply interrelated albeit unique perspectives from within the field
