within an ever growing economy of solidarity and sharing With a uniquely combined focus on sustainability fashion and migration Lopez y Royo examines how the ateliers foreground a powerful social inclusion agenda encouraging migrants and refugees to collaborate exchange knowledge and foster communities on a level playing field with locals Questioning widely accepted notions of empowerment and social integration and drawing on her background in archaeology and material culture studies Lopez y Royo uses micro studies to illuminate a broader path to a more inclusive sustainable and socially conscious industry presenting a fresh perspective on repurposing and upcycling In a world grappling with the need to shift away from fast fashion s wasteful practices this thought provoking exploration shows how slow growth solidarity ateliers can challenge the widely accepted notions of both fashion and social integration
