Paige Baty, 1995-08-15 A highly original work that is extremely important to the study of both culture and politics Demonstrating how the cultural icon of Marilyn Monroe provides the body politic in American mass mediated society Baty not only offers a provocative reading of the iconographic biographic cartographic and hagiographic modes in which Marilyn has been written by others but also gives us a novel theorization of how popular culture translates transforms and embodies the political sphere Vivian Sobchack author of *The Address of the Eye* Reborn on coffee cups T-shirts and film footage in conspiracy theory biography and necrophilia the remembered fragments of Marilyn Monroe so Paige Baty shows make up cult objects of our imagined community American Monroe is endlessly revelatory not only about the meanings of Marilyn but also about the nature of the common culture of the United States Mike Rogin author of *Ronald Reagan The Movie* In this original imaginative and innovative book Paige Baty asks and answers important questions about U.S. political culture by examining many mass mediated memories of Marilyn Monroe Baty uses our continuing national obsession with Monroe's life and death as a means of exploring the ways in which languages of belonging dominate our mass mediated political landscape She explores how iconic representations personal biographies conspiracy theories and anxieties about death shape the symbolic economy of American politics into what she calls the post mortem condition This important inquiry about collective memory mass media and political culture starts with the life and the mass mediated memory of one celebrity but it builds into a fascinating and persuasive general discussion about the nature of knowledge and the social production of the individual self in a world where mass mediated images and icons form the core of our collective consciousness George Lipsitz author of *Dangerous Crossroads* Popular Music Postmodernism and the Poetics of Place If U.S. culture cannot forget Marilyn Monroe

readers of American Monroe will not be able to forget Professor Baty's elegant and provocative arguments. Elvis Presley and Marilyn Monroe are both representative figures in U.S. cultural politics. While his death is repetitively denied, Elvis's living clones endlessly populate hotel conventions and tabloids. But it is Marilyn's dissected body and haunting story of suicide that proliferate in the undead spaces of U.S. mass-mediated culture. In *American Monroe*, Baty writes a haunting kind of political theory. Her project probes the profusion of meanings associated with a cultural figure who is at the heart of contemporary crises in representation. *American Monroe* is a book about cultural memory as political practice; it is a work to remember. Donna Haraway, author of *Simians, Cyborgs, and Women: The Reinvention of Nature*. **Hollywood Legends Set**

**Boricua Pop** Frances Negrón-Muntaner, 2004-06-01 *Boricua Pop* is the first book solely devoted to Puerto Rican visibility, cultural impact, and identity formation in the U.S. and at home. Frances Negrón Muntaner explores everything from the beloved American musical *West Side Story* to the phenomenon of singer-actress-fashion designer Jennifer Lopez, from the faux historical chronicle *Seva* to the creation of Puerto Rican Barbie, from novelist Rosario Ferré to performer Holly Woodlawn, and from painter provocateur Andy Warhol to the seemingly overnight success story of Ricky Martin. Negrón Muntaner traces some of the many possible itineraries of exchange between American and Puerto Rican cultures, including the commodification of Puerto Rican cultural practices such as voguing, graffiti, and the Latinization of pop music. Drawing from literature, film, painting, and popular culture, and including both the normative and the odd, the canonized authors and the misfits of the island and its diaspora, *Boricua Pop* is a fascinating blend of low life and high culture, a highly original, challenging, and lucid new work by one of our most talented cultural critics.

It was cruel, brilliant, beautifully written, and perfectly designed and feared by all. There's no magazine I know of that's so continually referenced, held up as a benchmark, and whose demise is so lamented. Dave Eggers: It's a piece of garbage. Donald Trump.
