Government Nursing Bursary Application For 2015

Derek Sellman, Paul Snelling

Government Nursing Bursary Application For 2015:

Life Support Michael Aschroft, Isabel Oakeshott, 2022-03-08 A truly insightful tour d horizon Rt Hon Jeremy Hunt MP Secretary of State for Health 2012 18 Insightful and thought provoking Rt Hon Matt Hancock MP Secretary of State for Health 2018 21 Brilliant Sir Stephen Bubb director of Charity Futures and the Oxford Institute of Charity A tour de force Niall Dickson CBE former chief executive of The King s Fund the General Medical Council and the NHS Confederation How good is the NHS really That is the question this book seeks to answer as the health service emerges from the gravest crisis in its history with more money but greater challenges than ever before During the pandemic voters made extraordinary sacrifices to save the NHS from collapse Thanks to these efforts and the dedication and bravery of the NHS workforce hospitals were able to treat patients with coronavirus but millions of others lost out Now an exhausted and depleted NHS workforce faces a huge backlog The gap between supply and demand for publicly funded healthcare has never been so wide With record numbers waiting for treatment the politicians answer has been to spend ever more taxpayers money The question is whether throwing cash at the problem will work Every day millions of patients receive care that is fair good or outstanding In keeping with Nye Bevan s founding principles the same treatment is available to rich and poor free at the point of need Public support for the concept remains overwhelming Yet for every positive NHS experience there are negatives care that is substandard disjointed and arrives too late A cult of secrecy surrounds errors and failings Politicians on all sides dissemble and lie This book seeks to strip away the spin and uncover the true state of the NHS the good the bad and the ugly It explores an increasingly urgent question in an era of pandemics can the NHS provide the quality of service patients deserve

Nursing, COVID and the End of Resilience Michael Traynor, 2024-09-09 This book looks at the way in which resilience has been promoted as a resource for nurses during the COVID 19 pandemic and addresses its limitations as a response to the potential trauma of working in intense healthcare contexts Traynor examines the nature of trauma and moral distress in nursing work which predates the most recent pandemic that brought it into sharp relief and links this to discussions of resilience in nursing He examines differing understandings of trauma identifying and detailing approaches to dealing with it and its aftereffects In a wide ranging book that draws together critiques of the happiness industry and PPE scandals this book lays bare government and managerial reactions to the pandemic alongside individual sometimes harrowing accounts Its author sets out the impact of working during COVID 19 on the profession and its members in terms of support solidarity and fragmentation Drawing on a critical analysis of responses to the pandemic from the government regulatory bodies the NHS and the media along with primary research with nurses and others who have worked through the pandemic this book is a vital contribution for all those interested in resilience trauma well being and workforce development in nursing

Routledge International Handbook of Nurse Education Sue Dyson, Margaret McAllister, 2019-11-26 While vast numbers of nurses across the globe contribute in all areas of healthcare delivery from primary care to acute and long term care in community settings there are significant differences in how they are educated as well as the precise nature of their practice This comprehensive handbook provides a research informed and international perspective on the critical issues in contemporary nurse education As an applied discipline nursing is implemented differently depending on the social political and cultural climate in any given context These factors impact on education as much as on practice and are reflected in debates around the value of accredited programmes and on the job training apprenticeship undergraduate and postgraduate pathways into nursing Engaging with

these debates amongst others the authors collected here discuss how through careful design and delivery of nursing curricula nurses can be prepared to understand complex care processes complex healthcare technologies complex patient needs and responses to therapeutic interventions and complex organizations The book discusses historical perspectives on how nurses should be educated contemporary issues facing educators teaching and learning strategies the politics of nurse education education for advanced nursing practice global approaches and educating for the future Bringing together leading authorities from across the world to reflect on past present and future approaches to nurse education and nursing pedagogy this handbook provides a cutting edge overview for all educators researchers and policy makers concerned with nurse education

Global Migration, Gender, and Health Professional Credentials Margaret Walton-Roberts, 2022-03-01 Bringing together diverse approaches and case studies of international health worker migration *Global Migration Gender and Health Professional Credentials* critically reimagines how we conceptualize the transfer of value embodied in internationally educated health professionals IEHPs This volume provides key insights into the economic and feminist concepts of global value transmission the complexity of health worker migration and the gendered and intersectional intricacies involved in the workplace integration of immigrant health care workers The contributions to this edited collection uncover the multitude of actors who play a role in creating transmitting transforming and utilizing the value embedded in international health migrants

Representations of the Academic Jean McNiff, 2023-03-31 This thoughtful volume challenges widely accepted traditionalist scientific notions of the academic prevalent in higher education institutions globally in order to promote best practice and redefine the field as accessible inclusive and forward thinking This book situates itself away from the dominant discourse on academia and eschews the common tropes that have proved prohibitive to furthering the field and research within By releasing the academic from the restrictive narrow boundaries typically imposed *Representations of the Academic* opens up a form of public sphere where the contributors bring together their innovative views to propose a new normative form Chapters explore examples of good practice that demonstrate alternative ways of thinking and in doing so the book continues an emergent tradition of investigating the origins nature and purposes of academic work at a time when critical values are under threat The book will be of interest to students academics and researchers in the fields of education educational research and higher and professional education more broadly Those involved with interdisciplinary and intercultural studies ethics and values in research will also benefit from this volume

Act now Common Sense Policy Group, Kate Pickett, Richard Wilkinson, Danny Dorling, 2024-06-25 An inspiring manifesto offering a radical vision for our political future We live in an age of crisis and decline The right presents solutions that only worsen the situation driving a downward cycle in which desperation leads to despair But the left is also to blame progressive politicians have consistently failed to recognise both the urgency of people's need and their receptiveness to new solutions In *Act now* a team of leading researchers presents a compelling and achievable vision for a progressive future They outline clear policies for welfare

health and social care education housing and more Arguing for a rolling forwards of the state they call for a new era of active citizenship and economic democracy grounded in robust and resilient institutions Only a comprehensive and integrated approach based on clear evidence of feasibility and popularity can provide a pathway to the secure democratic and prosperous Britain of tomorrow This book is the blueprint It calls on politicians pundits and the British people to act now

Critical Resilience for Nurses Michael Traynor, 2017-03-27 The nursing profession is under pressure Financial demands student debt the target culture political scrutiny in the wake of major care scandals and increasing workloads are all taking their toll on professional morale and performance This timely book considers the meaning of resilience in this adverse context and explains why measures to preserve individual nurses and students well being are flawed if they don t take into account wider political and organizational perspectives Arguing that healthcare can be thought about and experienced differently this book provides a summary of the latest research on resilience explaining its relevance and also limitations for nurses considers debates about compassion and highlights the effects of policy agendas on nurse education and nursing work re evaluates nursing s professional identity including where nursing has come from and the effects of class gender and race on its powerbase assesses the role of politics and social media both in driving change and feeding resistance and introduces the idea of critical resilience as a complete framework for resisting bullying and fostering survival and change in the nursing workforce Direct upbeat at times provocative and witty this agenda setting book enables nurses to understand why they feel the way they do It also lists what opportunities are available to them to change resist and survive in what has become a complex challenging if still deeply rewarding line of work
