evoke Susan Neiman's *Learning from the Germans* delivers an urgently needed perspective on how a country can come to terms with its historical wrongdoings. Neiman is a white woman who came of age in the civil rights era South and a Jewish woman who has spent much of her adult life in Berlin. Working from this unique perspective, she combines philosophical reflection, personal stories, and interviews with both Americans and Germans who are grappling with the evils of their own national histories. Through discussions with Germans including Jan Philipp Reemtsma, who created the breakthrough Crimes of the Wehrmacht exhibit, and Friedrich Schorlemmer, the East German dissident preacher, Neiman tells the story of the long and difficult path Germans faced in their effort to atone for the crimes of the Holocaust. In the United States, she interviews James Meredith about his battle for equality in Mississippi and Bryan Stevenson about his monument to the victims of lynching, as well as lesser-known social justice activists in the South, to provide a compelling picture of the work contemporary Americans are doing to confront our violent history. In clear and gripping prose, Neiman urges us to consider the nuanced forms that evil can assume so that we can recognize and avoid them in the future.

The Wheel of Delta Omicron, 1948 **James Russell Lowell and His Friends** Edward Everett Hale, 1898 When my friend Mr Howland of the Outlook magazine asked me if I could write for that magazine a Life of James Russell Lowell I said at once that I could not. While there were certain periods of our lives when we met almost daily for other periods we were parted so that for many years I never saw him. I said that the materials for any Life of him were in the hands of others who would probably use them at the proper time. Then Mr Howland suggested that without attempting anything which should be called a Life of Mr Lowell I might write for the Outlook a review as it were of the last sixty years among literary and scientific people in Boston and its neighborhood. I do not think he wanted my autobiography nor had I any thought of preparing it for him but he suggested the book which is in the reader's hands. This was in April 1897 *Montana, Its Story and Biography* Tom Stout, 1921 *The Alpha Phi Quarterly*, 1929 *The Literary World*, 1872 **Irish Statesman** George William Russell, 1927 *Assembly* West Point Association of Graduates (Organization), 2003 *The Alpha Phi Quarterly ...*, 1917 *Littell's Living Age*, 1852

By World War II the Southern Renaissance had established itself as one of the most significant literary events of the century, and today much of the best American fiction is southern fiction. Though the flowering of realistic and local color writing during the first two decades of the century was a sign of things to come, the period between the two world wars was the crucial one for the South's literary development. A literary revival in Richmond came to fruition at Vanderbilt University, a group of young men produced *The Fugitive*, a remarkable controversial magazine that published some of the century's best verse in its brief run, and the publication and widespread recognition of Faulkner

among others inaugurated the great flood of southern writing that was to follow in novels short stories poetry and plays With more than forty years of experience writing and reading about the subject and friendships with many of the figures discussed J A Bryant is uniquely qualified to provide the first comprehensive account of southern American literature since 1900 Bryant pays attention to both the cultural and the historical context of the works and authors discussed and presents the information in an enjoyable accessible style No lover of great American literature can afford to be without this book *The Story of Iowa* William John Petersen, 1952 *Joseph Brown and His Civil War Ironclads* Myron J.
