Handbook of Research on Teachers of Color and Indigenous Teachers
Conra D. Gist,Travis J. Bristol,2022-10-15 Teachers of Color and Indigenous Teachers are underrepresented in public schools across the United States of America with Black Indigenous and People of Color making up roughly 37% of the adult population and 50% of children but just 19% of the teaching force Yet research over decades has indicated their positive impact on student learning and social and emotional development particularly for Students of Color and Indigenous Students

A first of its kind the Handbook of Research on Teachers of Color and Indigenous Teachers addresses key issues and obstacles to ethnoracial diversity across the life course of teachers careers such as recruitment and retention professional development and the role of minority serving institutions Including chapters from leading researchers and policy makers the Handbook is designed to be an important resource to help bridge the gap between scholars practitioners and policy makers In doing so this research will serve as a launching pad for discussion and change at this critical moment in our country s history The volume s goal is to drive conversations around the issue of ethnoracial teacher diversity and to provide concrete practices for policy makers and practitioners to enable them to make evidence based decisions for supporting an ethnoracially diverse educator workforce now and in the future

Critical Feminism and Critical Education Jennifer Gale De Saxe,2016-03-31 Challenging the current state of public education and teacher preparation this book argues for a re imagination of teacher education through a critical feminist and critical education perspective Offering a rich discussion of the promise and pedagogy of self reflexivity and testimonio which emerges from critical feminism this book brings together theory and practice in critical feminism critical education and testimonio to serve as a platform in which to reconceptualize the philosophy of traditional teacher education arguing that too many programs prepare teachers who often preserve rather than challenge the status quo

Studying Diversity in Teacher Education Arnetha F. Ball,Cynthia A. Tyson,2011-01-16 Studying Diversity in Teacher Education is a collaborative effort by experts seeking to elucidate one of the most important issues facing education today First the volume examines historically persistent yet unresolved issues in teacher education and presents research that is currently being done to address these issues Second it centers on research on diverse populations bringing together both research on diversity and research on diversity in teacher education The contributors present frameworks perspectives and paradigms that have implications for reframing research on complex issues that are often ignored or treated too simplistically in teacher education literature Concluding the volume with an agenda for future research and a guide for preparing teachers for diversity education in a

global context the contributors provide a solid foundation for all educators Studying Diversity in Teacher Education is a vital resource for all those interested in diversity and education research Educational Research and Innovation Educating Teachers for Diversity Meeting the Challenge OECD,2010-02-25 This publication sheds light on the evidence base that can be used to redesign initial and continuing teacher education to help practitioners effectively teach diverse students **Medical Education and Ethics: Concepts, Methodologies, Tools, and Applications** Management Association, Information Resources,2016-09-27 As the healthcare industry continues to expand a higher volume of new professionals must be integrated into the field Providing these professionals with a quality education will likewise ensure the further progress and advancements in the medical field Medical Education and Ethics Concepts Methodologies Tools and Applications presents a compendium of contemporary research on the educational practices and ethical considerations in the medical industry This multi volume work contains pedagogical frameworks emerging trends case studies and technological innovations essential for optimizing medical education initiatives This comprehensive publication is a pivotal resource for medical professionals upper level students researchers and practitioners *Teacher Education Systems in Africa in the Digital Era* Bade Adegoke,Adesoji Oni,2015-10-19 Teacher education is vital for the realization of a nations development aspirations The conception incubation and delivery of any national development policy as well as the reform and implementation of extant policies are driven by the quality of teachers and their products within a functional educational system Indeed national and global models of development including the millennium development goals revolve round the frames of quality education beginning with teacher education It is therefore important to have functional teacher education systems in Africa to help its citizens explore the networking of the world as a global village This is achievable through a systematic mobilization of national resources and visible commitment to the development of a modernized cadre of scientific and technological manpower This book *Teacher Education Systems in Africa in the Digital Era* is a rich exposition of theories and praxes essential for the development of teacher education in Africa The book has immense benefits for teachers teacher trainers funding agencies other stakeholders and policy makers Environmental Education in a Climate of Reform Sylvia Christine Almeida,2015-10-29 India is grappling with serious environmental issues that have been largely sparked by its galloping economy As a measure of its seriousness to reduce the environmental impacts it has spearheaded numerous policy initiatives One of the major thrusts of the proposed initiatives to curb environmental degradation has been to create an informed and well educated citizenry The federal mandates have triggered new curriculum policies and the compulsory teaching of environmental and sustainability education at all levels in all education institutions This volume examines the policy practice conundrum It looks at how national and international policy reforms reach practitioners in this case teacher educators Furthermore it unravels how teacher educators understand environmental education the ways in which they negotiate its demands on their busy schedules what helps them in determining relevant issues within this and finally how they implement

these policies in their everyday practices It is evident from this book that while there have been some really well meaning development of policies their impact on teacher educators practice and therefore student teachers learning about Environmental Education is limited The study showed that while these teacher educators had a clear understanding of the environment and saw the need importance of incorporating Environmental Education in their daily practices they had very little scope to do so There were numerous factors that constrained implementation The book provides inputs on global policy practice gaps It offers valuable insights to a global audience grappling with understanding the ways in which environmental education policies are put into practice in emerging economies like India The final argument is thesis that while policy reforms are a step in the right direction they need to be backed up with strong implementation systems in order to be successful div

Democracy's Discontent and Civic Learning Charles S. White,2018-09-01 Around the globe democracy is under assault For a dozen years global freedom has followed a downward slope according to Freedom House Once viewed as the world s model of freedom the United States has slipped in world ratings of democracy For a rising portion of the world s population faith in democracy is flagging At the same time a wave of nationalism and xenophobia is rising in the West questioning democracy s ability to meet the needs of its citizens The contributors to this volume examine democracy s discontent from a variety of perspectives What forces have produced the extreme partisanship and polarization roiling America s civic life and politics How has today s populist movement challenged democratic norms and institutions What role has social media played in democracy s discontent and its defense How do we overcome persistent racism in the face of emboldened White supremacist and anti immigrant agitation Across the pages of this book teachers teacher educators and education policy makers will recognize a common theme in responding to democracy s discontent the need to rebuild the nation s civic infrastructure Research on best practices in civic learning and engagement serve as a guide to transforming how we prepare citizens for democratic deliberation and civic action Creative and effective teaching materials and approaches await only the will to invest the needed time and support Repairing our civic infrastructure will help to restore confidence in our civic capabilities and trust in our ability to work together for the public good Without a serious recommitment to the civic mission of schools the nation will be ill prepared to defend against those within and beyond our borders who are intent on undermining democracy

Toward a Framework of Resources for Learning to Teach Lauren Gatti,2016-08-19 This book advances a new framework for learning to teach using in depth case studies to show how learning to teach in any type of program can best be understood as a recursive and dynamic process wherein teachers differentially access programmatic relational experiential disciplinary and dispositional resources In the last twenty years debates in the field of teacher preparation have increasingly become paralyzing and divisive as rhetoric around the failure of university teacher preparation intensifies The author addresses the historical and practical factors that animate these debates arguing that novice teachers and teacher educators must understand the central conflicts in the field however the book also advances

a way of approaching learning to teach that accounts for but does not get stuck at the level of programmatic designation Using lively in depth case studies the author shows how novice urban English teachers from two different teacher preparation pathways a university based program and an urban teacher residency learn to teach within a policy context of high stakes testing and college readiness
