OLD Malayalam Film Songs VED from VICTORIA INSTITUTIONS,2013-12-04 Old Malayalam film songs are wonderful Most of them lend a most mesmerising sensation to the hearer The style and tone has been set and led by Vayalar Ramavarma Such others as P Bhaskaran Sree Kumaran Thampi and others have more or less tried to equal him in calibre However with the demise of Vayalar there was no compelling standards or parameters to which film songs could remain loyal to Standards deteriorated There were attempts to cover the defects with loud music and boisterous sounds Now what is so great about these songs They convey a most elevated feel to the human psyche In feudal Malayalam everything has to remain in various social and mental levels Starting from that of extreme lowliness to the heights of divine attainments These songs generally lend a very ennobled aura to the human beings There is the chakravartinis salabanjigagas rajashilpis ajantha shilpams anthapurams agraharams rathisukasares mayalokams manoharinis anuraghapaurnamis and much else Then there are the thenivarikkakaad and such other exotic sounding places However the reality of Kerala life is much more mundane It has no connection with the sweet dreamlike world depicted in the songs which more or less make use of Sanskrit words and usages with gay abandon The reality of communication in Kerala is rough and tough and possibly uncouth to those one does not respect or revere Here everything comes with a string of respect versus pejorative codes connected to financial and social status and also to age currently

Global Capital and Social Difference V. Sujatha,2020-08-31 This volume offers insights into ongoing global socioeconomic transformations by directing attention to the significance of labour work craft community social institutions social movements and emergent subjectivities in different parts of the world This is in contrast to theories that project globalisation as a process driven exclusively by global capital and technology a scheme in which some parts of the world forever will be peripheries supplying labour and natural resources the lives and work of those people purged of originality meaning and value by the very construct that describes them Together the chapters in the book present a nonessentialist and non linear reading of global transformations by examining the relations and adaptations between economy polity and society which remains a fundamentally unresolved question in the social sciences Combining a wealth of conceptual and empirical investigations this book will be of interest to scholars and researchers of sociology globalisation studies anthropology economics development studies and area studies
