## **Health Safety Environment And Quality Audits:**

Health and Safety, Environment and Quality Audits Stephen Asbury, 2023-11-20 Internal auditing is an essential tool for managing compliance and for initiating and driving continual improvement in any organization's systematic HSEQ performance. Health and Safety Environment and Quality Audits includes the latest health and safety environmental and quality management system standards ISO 9001:2015, ISO 14001:2015 and ISO 45001:2018. It delivers a powerful and proven approach to risk-based auditing of business critical risk areas using ISO or your organization's own management systems. It connects the PDCA approach to implementing management systems with auditing by focusing on the organization's context and the needs and expectations of its interested parties. The novel approach leads HSEQ professionals and senior and line managers alike to concentrate on the most significant risks: Big Rocks and Black Swans to their objectives. It provides a step-by-step route through The Audit Adventure™ to provide a high-level, future-focused audit opinion. The whole approach is aligned to the international standard guidance for auditing management systems ISO 19011:2018. With thousands of copies now sold, this unique guide to HSEQ and operations integrity auditing has become the standard work in the field over four editions while securing bestseller status in Australasia, Europe, North America and South Africa. It is essential reading for senior managers and auditors alike. It remains the go-to title for those who aspire to drive a prosperous and thriving organization based on world-class HSEQ management and performance. Dr Stephen Asbury is the author of seven books on safety risk management and decision making for Taylor Francis. He is Chartered Fellow of the Institution of Occupational Safety and Health (CfIOSH), an Emeritus Professional of the American Society of Safety Professionals (ASSP) and a Fellow of the Institute of Environmental Management and Assessment (FIEMA). He has almost 40 years' experience from assignments in over sixty countries on six continents.

Health and Safety, Environment and Quality Audits Stephen Asbury, Peter Ashwell, 2007 Internal Auditing is an essential tool for managing compliance with health and safety, environmental safety and quality standards. Increasingly, these three areas are audited by the same professionals to proliferating standards: e.g. OHSAS 18001 for health and safety, ISO 9001 for quality, ISO 14001 for environment. This book delivers a powerful and proven approach to auditing business critical risk areas. It covers each of the aspects that need to be taken into account for a successful audit to recognised standards and is an important resource for auditors, managers, health and safety professionals and anyone with a critical interest in governance and organizational improvement. Stephen Asbury is Managing Director of Corporate Risk Systems Limited, providing risk management consultancy, training and software. He is a Member of the Council of IOSH and Chair of the IOSH Professional Committee. Stephen has over 20 years' experience as a health, safety and environment practitioner and a regular contributor to conferences, journals and other publications. Peter Ashwell is Managing Director of Kingdom Management Limited, an Internal Audit training consultancy which has been servicing multinational clients worldwide for the last 16 years.
