Heartburn Nora Ephron:

Heartburn Nora Ephron, 1996-05-28 A 40th anniversary reissue of the national bestselling author's hilarious first novel that memorably mixed food heartbreak and revenge into a comic masterpiece now with a new foreword by Stanley Tucci

Touching and funny Proof that writing well is the best revenge Chicago Tribune Is it possible to write a sidesplitting novel about the breakup of the perfect marriage If the writer is Nora Ephron the answer is a resounding yes In this inspired confection of adultery revenge group therapy and pot roast the creator of *Sleepless in Seattle* and *When Harry Met Sally* reminds us that comedy depends on anguish as surely as a proper gravy depends on flour and butter Seven months into her pregnancy Rachel Samstat discovers that her husband Mark is in love with another woman The fact that the other woman has a neck as long as an arm and a nose as long as a thumb and you should see her legs is no consolation Food sometimes is though since Rachel writes cookbooks for a living And in between trying to win Mark back and loudly wishing him dead Ephron's irrepressible heroine offers some of her favorite recipes *Heartburn* is a sinfully delicious novel as soul satisfying as mashed potatoes and as airy as a perfect soufflé
