Race and Family Roberta L. Coles, 2006 The author provided interesting original examples which I found engaging I think the biggest strength is avoiding the one ethnicity per chapter approach found in so many books on family diversity I like the structural approach Hilary A Rose Concordia University A very useful book as a companion text for courses on race and ethnicity The chapters are easy to follow for undergraduate students Renxin Yang Northern Michigan University I think the book is needed because there are limited choices currently available and this book is moving in the right direction A strength is that it is not an edited book like so many other books on this topic There is a need for detailed study of ethnic minority families and I am excited about making this book my required text for my Ethnic Families Course Cheryl Burgan Evans Miami University I find the emphasis on social structure particularly appealing To date I have used Taylor s edited book which depends on the instructor to provide all of the integration Gretchen Cornwell Pennsylvania State University In *Race and Family A Structural Approach* author Roberta L Coles looks at ethnic minority families in a novel way through a structural lens Unlike many texts on race and family this book offers an approach that illustrates overarching structural factors affecting all families as opposed to examining each ethnicity in isolation from one another By focusing on various structural factors such as demographic economic and historical aspects this book analyzes various family trends in a cross cutting manner to exemplify the similarities and distinctions among all racial and ethnic groups

coexisting realities classified under New Testament eschatology the temporal and spatial While much scholarly attention has focused on the temporal Luke Woo argues that the spatial aspect is either neglected or relegated to Platonic or cosmological categories Woo thus seeks to provide a holistic understanding by investigating these realities for believers under the heavenly tabernacle motif in the Epistle to the Hebrews Woo posits that the author of Hebrews presents the heavenly tabernacle and all its high priestly activity in order to eschatologically situate orient and ground believers thus enabling believers to actualize their heavenly priestly identity by serving as priests on earth Woo uses Edward Soja's Tripartite Critical Spatiality to analyze the heavenly tabernacle's Firstspace Secondspace and Thirdspace features found in Hebrews 4:14 8:1-5 9:1-14 He suggests that Christ in his resurrection and ascension enters an actualized heavenly tabernacle which allows believers to spiritually occupy that sanctuary space in the presence of God establishing a spatial orientation for believers who can identify as heavenly priests and be motivated to serve as such as they live on earth
