In Search of the Maquis : Rural Resistance in Southern France 1942-1944 H. R. Kedward, 1993-03-11 This is a study of the Maquis in southern France the Resisters who took to the woods and hills in the struggle against the German Occupation in the Second World War H R Kedward s detailed and perceptive account explores what participation in the Maquis meant for those involved both at the time and subsequently He examines the motivations of the maquisards and how the circumstances of occupation and resistance affected the ways of life of rural communities in the south of France This is a rich and original book which achieves a fruitful integration of extensive archival research and oral history Professor Kedward s scholarly and readable history allows the voices of individuals to be heard and offers us important insights into the nature of community and regional tradition From the many fascinating case studies fully supplemented by detailed maps emerge a sense of place a clearer understanding of the maquisard and an unsentimental assessment of the place of the Maquis in French history War Memoirs: Unity, 1942-1944. siècles Charles Floquet, 1979 Teenage Resistance Fighter Hubert Verneret, 2020-01-10 A history book that reads like a novel this testimony comes from one of the last living eyewitnesses of the Nazi occupation of France Christiane Amanpour CNN Chief International Correspondent September 5 1944 The Americans are approaching we follow their progress impatiently on the radio by intercepting messages reserved for the commandos They cannot be beaten now But it is up to us to do the impossible to speed up the progression of the bulk of their troops to facilitate the advance of their spearhead and above all to prevent the Germans from withdrawing to the Rhine in good order with all their equipment How many human lives will we manage to save Hubert Verneret was a fourteen year old schoolboy in Burgundy when the Nazis invaded Poland and fifteen when France fell A Boy Scout he helped refugees and the gendarmerie moved wounded soldiers and dug out bodies after air raids Throughout he kept a diary recording his actions thoughts and feelings as French troops retreated and Germans arrived In 1944 at nineteen he decided to join the local maquis resistance fighters operating from a hidden base in the forest Though constantly in danger he found himself frustrated as he felt fated never to fight the Germans directly never to take a prisoner As the Allies approached the maquisards worked to upset and weaken the retreating Germans to aid the Allied advance Hubert details the joy with which the maquisards were welcomed in local villages when the fighting ended Only as he listened to the speech given as the maquisards disbanded did he understand that his part in the war while perhaps not heroic as that played by others was still important in gaining the victory Years later Hubert interviewed local maquisards to understand more about maquis history their words and excerpts from the diary of a local civilian during the German retreat provide context to Hubert's youthful testimony This first English edition of Hubert's diary retains the original prefaces by Col Buckmaster chief of the French section of the SOE and Col d'Escrivenne aide de camp to Gen de Gaulle
