YOUR SLEEPING BAG The successor to March Upcountry It wasn t so much that Prince Roger and his surviving remnant of  
elite bodyguards are marooned on a barbarian planet Or that they have been on continuous operations for so long they are  
getting shocky Or that they still have half a planet to cross Or that they are basically out of ammunition for their plasma and  
bead rifles and just about out of cash Sure those are all problems but they re not the real problem No the problem is Roger is  
in love With one of his bodyguards And the romance is not going well Damnbeast Sure Vampiric moths Okay Screaming  
waves of barbarians No problem But when you have Nimashet Despreaux and Prince Roger Ramius Sergei Chiang  
MacClintock at sword s point that s real danger And it s just the beginning To get to the distant port that is their only way off  
the planet they ll be forced to battle enraged monsters displaced mercenaries religious fanatics and a barbarian horde to  
shame the Huns Along the way they ll have to recreate the Reformation the Renaissance and the Industrial Revolution And do  
it all in a context their four armed horned grizzly bear sized native allies can handle It will strain all their experience and  
knowledge as the most elite the most multitalented and above all the toughest bodyguards in human space But the really  
hard part will be keeping Roger and Nimashet from killing each other At the publisher s request this title is sold without
