Across the River Styx Alan Scribner, 2018-08-14 Across the River Styx is the 6th in the series of highly acclaimed and best selling Judge Marcus Flavius Severus mysteries in Ancient Rome This story takes place in the year 168 CE during the reign of Marcus Aurelius Severus has just returned from Athens Mission to Athens where he took his family to escape the Antonine plague in Rome and while there to solve a murder Now a year and a half later the plague in Rome has subsided and Judge Severus has resumed his place on the panel of judges in the Court of the Urban Prefect Across the River Styx opens on the first day of October as Judge Severus takes his seat on the Tribunal to decide a case of illegal possession of weapons within the city of Rome in violation of the law against public violence On the same day he is called to a murder scene across the Tiber where an official of a Jewish synagogue has been strangled and a valuable chalice stolen The chalice was on loan from the museum in the Temple of Peace and is part of the loot taken during the destruction of the Jewish Temple in Jerusalem almost 100 years earlier The Jewish community in Rome at the time of the story is about 50 000 strong and has 12 known synagogues Just as he begins his investigation into the murder Judge Severus catches yet another case what appears to be the theft of

water from one of Rome's major aqueducts. Then a person under the protection of his Court is thrown out the window of his apartment building. These crimes seem on the surface to be unrelated. Or are they? As the multiple investigations unfold, a different reality emerges. The investigations lead Severus and his aides through the City of Rome to the turbulent region across the Tiber to the teeming Subura behind the center of the City to one of Rome's best brothels to a glass store in Trajan's market and to other places throughout the City. In addition, Severus sends his assessor Flaccus to the city of Carthage to track down a suspect. As in previous cases, Judge Severus is aided by his judicial assessor Flaccus, his private secretary and freedman Alexander, his police aides Vulso and Straton, his court clerk Proculus, and his wife Artemisia. This book, as the others in the series, is not only a mystery but also captures the daily life of ancient Rome and is a sojourn into the world of courts, police, and criminal law of the period. All laws, rescripts, and legal procedures are from Roman law sources. Alan Scribner was an Assistant District Attorney in the office of Frank S. Hogan in New York County and a criminal defense attorney. He is also an independent scholar of Ancient Rome, co-author with J. C. Douglas Marshall of *Anni Ultimi: A Roman Stoic Guide to Retirement, Old Age, and Death*. Scribner is the author of the Judge Marcus Flavius Severus Mysteries in Ancient Rome series: *Mars the Avenger*, *The Cyclops Case*, *Marcus Aurelius Betrayed*, *The Return of Spartacus*, and *Mission to Athens*. **A Shipwreck Conspiracy** Alan Scribner, 2020-09-29. *A Shipwreck Conspiracy* is the 8th in the series of highly acclaimed and best-selling Judge Marcus Flavius Severus mysteries in Ancient Rome. This story takes place in the year 171 CE during the reign of Marcus Aurelius and two years after the events in *The Persian Assassin*. Marcus Severus is happily retired in his villa in the Alban Hills when he and his family come to Rome for a visit. While there, Severus visits the Court of the Urban Prefect and attends the final day of a sensational trial. A merchant ship, the *Andromeda*, was deliberately beached in the middle of the night at a place where a gang of robbers was already waiting to seize the ship's extremely valuable cargo of silk from the country in the far East, known as Seres or Thina. Crew or passengers who got in the way were randomly murdered, and the Captain of the *Andromeda* was now on trial for the shipwreck, the robbery, and the murders. But there is a major problem. The Captain claimed he had been knocked unconscious during the robbery and confessed only under excruciating torture. And the question of the corroboration required by Roman law of a confession extracted by torture was in doubt. Without corroboration, the burden of proof, which in Roman law is on the prosecution, could not be met, and the Captain should have been acquitted, not convicted. Severus is intrigued and gets himself appointed a Special Judge to investigate the case for the appeal to the Urban Prefect. He seeks missing ship's officers, learns about the silk trade, and questions owners, investors, and merchants about the ship and its cargo. He discovers that behind the conspiracy directing it is a mastermind known to the other conspirators only as *Ipse*. *Ipse*, a term used by the imperial court for the Emperor or by a school for its head. Who is *Ipse*? And what really happened on the *Andromeda*? Severus' quest to find out is regularly stymied by lies and concealments of people being questioned and more ominously by murders of suspects before they can be questioned. And as he gets closer to

the truth there is even an attempt to assassinate Severus himself As in previous cases Judge Severus is aided by his private secretary and freedman Alexander his police aides Vulso and Straton his court clerk Proculus his wife Artemisia and his judicial assessor Flaccus all of whom reconvene to solve what really happened and track down Ipse This book as the others in the series is both a mystery and a sojourn into the daily life of Ancient Rome and its courts police and criminal law All laws rescripts and legal procedures are from Roman law sources Alan Scribner was an Assistant District Attorney in the office of Frank S Hogan in New York County and a criminal defense attorney He is also an independent scholar of Ancient Rome co author with J C Douglas Marshall of *Anni Ultimi A Roman Stoic Guide to Retirement Old Age and Death* Scribner is the author of the Judge Marcus Flavius Severus Mysteries in Ancient Rome series *Mars the Avenger The Cyclops Case Marcus Aurelius Betrayed The Return of Spartacus Mission to Athens Across the River Styx and The Persian Assassin* *The Persian Assassin* Alan Scribner, 2019-10-07 *The Persian Assassin* is the 7th in the series of highly acclaimed and best selling Judge Marcus Flavius Severus mysteries in Ancient Rome This story takes place in the year 169 CE during the reign of Marcus Aurelius It is 6 months after the events in *Across the River Styx* and Judge Severus now wants to retire and live his life with his family in the countryside where he can study philosophy and history and astronomy and contemplate He is fed up with dealing with the problems of the huge Urbs But Fate intervenes The Roman secret service the *curiosi* has information that the Persian secret service the *spasaka* has sent an assassin to kill the Roman Emperors Lucius Verus and Marcus Aurelius This is to retaliate not just for the defeat of the Parthian dynasty in the recent war but for the Roman sacking of its capital at Ctesiphon By the time this information reaches Rome the Emperor Lucius Verus is already dead apparently from a stroke But was he murdered by a Persian assassin And whether he was or not if there were an assassin on the loose Marcus Aurelius would be the next target Severus receives a letter from Marcus Aurelius his friend from childhood saying that the *curiosi* are stumped in their search for the Persian assassin and request the help of Judge Severus Reluctant as he is to come out of retirement Severus cannot refuse the Emperor As the investigation gets underway there is a scary attempt to assassinate Marcus Aurelius by infiltrating an Egyptian cobra into the Emperor's own bed By happenstance the attempt fails The ensuing investigation leads to places and suspects inside the City of Rome and outside at the Imperial villa in Lanuvium and the Marsic snake charming cult on Lake Fucinus As in previous cases Judge Severus is aided by his private secretary and freedman Alexander his police aides Vulso and Straton his court clerk Proculus his wife Artemisia and his judicial assessor Flaccus all of whom reconvene to assist in tracking down the Persian assassin This book as the others in the series is not only a mystery but also captures the daily life of ancient Rome and is a sojourn into the world of courts police espionage and criminal law of the period All laws rescripts and legal procedures are from Roman law sources Alan Scribner was an Assistant District Attorney in the office of Frank S Hogan in New York County and a criminal defense attorney He is also an independent scholar of Ancient Rome co author with J C Douglas Marshall of *Anni Ultimi A Roman Stoic Guide to Retirement*

Aurelius in Love Marcus Aurelius, Marcus Cornelius Fronto, 2016-02-19 In 1815 a manuscript containing one of the long lost treasures of antiquity was discovered the letters of Marcus Cornelius Fronto reputed to have been one of the greatest Roman orators But this find disappointed many nineteenth century readers who had hoped for the letters to convey all of the political drama of Cicero's That the collection included passionate love letters between Fronto and the future emperor Marcus Aurelius was politely ignored or concealed And for almost two hundred years these letters have lain hidden in plain sight Marcus Aurelius in Love rescues these letters from obscurity and returns them to the public eye The story of Marcus and Fronto began in 139 CE when Fronto was selected to instruct Marcus in rhetoric Marcus was eighteen then and by all appearances the pupil and teacher fell in love Spanning the years in which the relationship flowered and died these are the only love letters to survive from antiquity homoerotic or otherwise With a translation that reproduces the effusive slangy style of the young prince and the rhetorical flourishes of his master the letters between Marcus and Fronto will rightfully be
