United States. Marine Corps,1992 **The Bluejacket's Manual** Thomas J. Cutler,2017-11-15 From the days of oars and coal fired engines to the computerized era of the 21st century The Bluejacket s Manual has been an essential part of the American Sailor s sea bag for over one hundred years serving as an introduction to the Navy for new recruits and as a reference book for Sailors of all ranks Written by a Sailor whose decades of naval service included sea duty in patrol craft destroyers cruisers and aircraft carriers as both an officer and a white hat this newest edition has been overhauled to reflect the current state of the ever evolving United States Navy and includes chapters on ships and aircraft uniforms weapons damage control communications naval customs and ceremonies security leadership pay and benefits naval missions military fundamentals and seamanship Since Lieutenant

Ridley McLean wrote the first edition of this perennial classic the Navy has grown from fledgling sea power to master of the world's oceans and both technology and American culture have changed in ways probably unimaginable in his day. Although The Bluejacket's Manual has necessarily evolved through more than twenty revisions to reflect those changes its original purpose has remained steadfastly on course. Like its predecessors this new edition makes no attempt to be a comprehensive textbook on all things naval to do so today would require a multivolume set that would defy practicality but it continues to serve two very important purposes. First it serves as a primer that introduces new recruits to their Navy and helps them make the transition from civilian to Sailor. Second it serves as a handy reference that Sailors can rely on as a ready source of basic information as they continue their service whether for only one hitch or for an entire career. To that end this 25th edition has been reorganized to more efficiently reflect those dual purposes with the first part of the book consisting of Chapters that provide introductions and basic explanations that Sailors new to the Navy will find most helpful and the second part consisting of Tabs that deal with specifics often mere tables that seasoned Sailors will find useful for reference purposes. Also unique to this latest edition has been the creation of an accompanying website that will serve to keep the book current and provide valuable supplementary material. In total this latest edition of a recognized Navy classic continues to serve today's Bluejackets and Old Salts in the traditional manner while providing a fresh approach that will be welcomed by potential recruits, Navy buffs and a growing number of Bluejacket Manual collectors.

U.S. NAVY HOSPITAL CORPSMAN & USMC FIELD MEDICAL SERVICE TECHNICIAN FMST TACTICAL COMBAT CASUALTY TCCC 2013 & 2014 STUDENT HANDBOOK, 2017-01-01

The FIELD MEDICAL SERVICE TECHNICIAN provides medical and dental services for personnel in field units also provides technical and administrative assistance to support the mission and functions of the Navy and Marine Corps field units. Maintains organizational level AMALs and ADALs. Assists in the procurement and distribution of supplies and equipment for field use and combat areas. Maintains field treatment facilities. Renders first aid and emergency medical and dental treatment to unit personnel, combatants. Coordinates and performs medical evacuation procedures. Ensures observance of field sanitary measures and preventive measures in specialized warfare. Conducts first aid and health education training programs.

COURSE DESCRIPTION During this 8 week course you will have a mix of classroom and field training. Emphasis is placed on learning field medicine by using the principles of Tactical Combat Casualty Care (TCCC). This includes familiarization with USMC organization and procedures, logistics and administrative support in a field environment. Additionally, training will include general military subjects, individual and small unit tactics, military drills, physical training, conditioning and weapons familiarization with the opportunity to fire the rifle. Completion of FMST results in the student receiving Navy Enlisted Classification HM 8404.

FIELD MEDICAL SERVICE TECHNICIAN STUDENT HANDBOOK VERSION 4.1 With Block 1 & 2 Student Outlines And Visual Presentations , Over 2 300 total pages OVERVIEW Tactical Combat Casualty Care TCCC was developed to emphasize the need for continued improvement in combat pre hospital care The Committee on Tactical Combat Casualty Care CoTCCC was established in 2001 and is part of the Defense Health Board CoTCCC is a standing multi service committee charged with monitoring medical developments in regards to practice technology pharmacology and doctrine New concepts in hemorrhage control airway management fluid resuscitation analgesia antibiotics and other lifesaving techniques are important steps in providing the best possible care for our Marines and Sailors in combat The TCCC guidelines are published every 4 years in the Prehospital Trauma Life Support manual It has been recognized that TCCC guidelines and curriculum will need to change more often than the 4 year cycle of the PHTLS textbook publication The National Association of Emergency Medical Technicians NAEMT will include the updated TCCC guidelines and curriculum on its website as they are approved as a way to help get this new information out to the combat medical personnel in the military that need it

PRINCIPLES OF TACTICAL COMBAT CASUALTY CARE TCCC The principles of Tactical Combat Casualty Care are fundamentally different from those of traditional civilian trauma care where most medical providers and medics train These differences are based on both the unique patterns and types of wounds that are suffered in combat and the tactical conditions medical personnel face in combat Unique combat wounds and tactical conditions make it difficult to determine which intervention to perform at what time Besides addressing a casualty s medical condition responding medical personnel must also address the tactical problems faced while providing care in combat A medically correct intervention at the wrong time may lead to further casualties Put another way good medicine may be a bad tactical decision which can get the rescuer and the casualty killed To successfully navigate these issues medical providers must have skills and training oriented to combat trauma care as opposed to civilian trauma care The specifics of casualty care in the tactical setting will depend on the tactical situation the injuries sustained by the casualty the knowledge and skills of the first responder and the medical equipment at hand In contrast to a hospital Emergency Department setting where the patient IS the mission on the battlefield care of casualties sustained is only PART of the mission TCCC recognizes this fact and structures its guidelines to accomplish three primary goals 1 Treat the casualty 2 Prevent additional casualties 3 Complete the mission In thinking about the management of combat casualties it is helpful to divide care into three distinct phases each with its own characteristics and limitations

Marine Recruit Herb Brewer, 2014-11-14 *Marine Recruit* Tears in the Sand is an epic novel of a Marine Corps boot camp San Diego a compelling unabridged account of recruit training as told by the drill instructor Author of chronicles of a marine rifleman retired first sergeant Herb Brewer USMC now brings to life this outstanding all

encompassing witty honest caringly brutal human and timeless narrative Combining two stories into one he takes you all the way from the grueling view of the recruit to the panoramic mission and perspective of the Drill Instructor At MCRD you can count on two things the recruit is green the marine drill instructor is legendary First Sergeant Brewer captures the essence and awareness of what it means to be both Marine Recruit is a rare and unparalleled look into MCRD Enter now the revered birthplace of the Marines where every drill instructor was once a recruit

Men of War Alexander Rose, 2016-03-01 In the grand tradition of John Keegan's enduring classic *The Face of Battle* comes a searing unforgettable chronicle of war through the eyes of the American soldiers who fought in three of our most iconic battles Bunker Hill Gettysburg and Iwo Jima This is not a book about how great generals won their battles nor is it a study in grand strategy *Men of War* is instead a riveting visceral and astonishingly original look at ordinary soldiers under fire Drawing on an immense range of firsthand sources from the battlefield Alexander Rose begins by re-creating the lost and alien world of eighteenth century warfare at Bunker Hill the bloodiest clash of the War of Independence and reveals why the American militiamen were so lethally effective against the oncoming waves of British troops Then focusing on Gettysburg Rose describes a typical Civil War infantry action vividly explaining what Union and Confederate soldiers experienced before during and after combat Finally he shows how in 1945 the Marine Corps hurled itself with the greatest possible violence at the island of Iwo Jima where nearly a third of all Marines killed in World War II would die As Rose demonstrates the most important factor in any battle is the human one At Bunker Hill Gettysburg and Iwo Jima the American soldier as much as any general proved decisive To an unprecedented degree *Men of War* brings home the reality of combat and just as important its aftermath in the form of the psychological and medical effects on veterans As such the book makes a critical contribution to military history by narrowing the colossal gulf between the popular understanding of wars and the experiences of the soldiers who fight them Praise for *Men of War* A tour de force strikingly vivid well observed and compulsively readable *The Daily Beast* Military history at its best This is indeed war up close as those who fought it lived it and survived it if they could *Men of War* is deeply researched beautifully written *The Wall Street Journal* A brilliant riveting unique book *Men of War* will be a classic General David H Petraeus U S Army Retired The fact is that *Men of War* moves and educates with the reader finding something interesting and intriguing on virtually every page *National Review* This is a book that has broad value to a wide audience Whether the reader aims to learn what actually happens in battle draw on the military lessons within or wrestle with what actually defines combat *Men of War* is a valuable addition to our understanding of this all too human experience *The New Criterion* A highly recommended addition to the literature of military history Rose writes vividly and memorably with a good eye for the telling detail or anecdote *Kirkus Reviews* starred review Using the firsthand accounts of brave soldiers who fought for freedom Rose sheds new light on viewpoints we haven't heard as widely before It's a welcome perspective in an era where most people have no military experience to speak of *The Washington Times* Rose poignantly captures the terror and confusion of hand to hand

combat during the battle The Dallas Morning News If you want to know the meaning of war at the sharp end this is the book to read James McPherson Pulitzer Prize winning author of The War That Forged a Nation **Publications Stocked by the Marine Corps (indexed by Distribution).** ,1999 *Bibliography for Advancement Examination Study* ,1994 **Marine Corps Drill Manual** United States.
