Matthew's Presentation of the Son of David H. Daniel Zacharias, 2016-12-01 H Daniel Zacharias presents a literary critical analysis of the Gospel of Matthew and its interaction with Davidic tradition and use of Davidic typology Throughout the narrative the evangelist makes pervasive use of Davidic tradition from the Old Testament in his portrayal of Jesus This begins from the first verse and the declaration that Jesus is the Son of David and culminates in Jesus' usage of Psalm 22's Davidic lament on the cross Davidic material is present throughout Matthew in allusion in specific citations in thematic material In addition Matthew makes use of Davidic typology numerous times with David as type and Jesus as anti type Zacharias shows how the use of Davidic material presents to the reader a scripturally grounded redefinition of what it means for Jesus to be the Son of David not as a violent militant leader as some expected but as a physical descendant of David a healing shepherd and a humble king Within the Gospel Matthew utilizes Davidic typology to show how the Son of David even has similar experiences as his royal predecessor Even David's own words from the psalms are utilized as testimony to the legitimacy of Jesus as the Davidic Messiah The Free Methodist, 1899 The Whole Story John E. Stories of the Midnight Sun Daniel Hunt, 2005-04 An excerpt from Stories of the Midnight Sun Tom moved to take the lead and Father Michael followed nearly at his side They cautiously moved down the slope under the shadow of bare trees whose branches rose above them like the hands of desperate petitioners imploring the moon The footprints were closer together and it appeared to Tom as if the left leg of the woman had been somehow injured for it dug in the snow He was surprised not to find a trail of blood No blood No blood It seemed so odd to him The whole night seemed steeped in a dream a nonsensical play that had no rhyme or reason What had happened to the woman Why had she not simply rung the doorbell Why had she turned away from the barn Why run into the night away from warmth and safety Why didn't she answer their calls And why for all that was holy did she turn down this darkened path out of the meager light of the moon toward the cold depths where the Old Maid ran like an artery through the heart of the ancient prairie It made Tom angry It made him scared He began swearing at regular intervals under his breath

Popular Culture, Social Media, and the Politics of Identity William Clapton, 2024-11-08 Popular Culture Social Media and the Politics of Identity advances a novel methodological approach pop culture as political object to capture the centrality of popular culture as an object of a broad range of political contests and debates that constitute pop culture artefacts by generating and informing specific meanings and understandings of them It is no longer novel to claim that popular culture matters to world politics The literature on Popular Culture and World Politics PCWP has demonstrated the cultural basis of political action and meaning making However this book argues that in doing so the PCWP literature has focused primarily on the traditionally narrow range of issues actors and things that mainstream International Relations regards as part of world politics While PCWP challenges restrictive disciplinary understandings of the sites of legitimate inquiry where one can purposefully gain knowledge about world politics comparatively little has been done to challenge constricted understandings of what world politics is who it involves and where it takes place Methodological approaches in the literature largely treat popular culture and politics as separate and

therefore focus on understanding how popular culture relates to and intersects with a relatively circumscribed notion of world politics Focusing on the everyday politics of how audiences perceive and contest popular cultural artefacts this book demonstrates that pop culture does not merely intersect with or reflect discrete political processes it is also directly situated as an object of politics The author analyses current debates over identity politics across a range of contemporary pop cultural artefacts including films and video games This book will be of interest to scholars and students of International Relations Political Science and Cultural and Media Studies Zion's Herald ,1900 **Climatological Data** United States.
