American Museums and the Persuasive Impulse J. Donald Ragsdale, 2009-01-14 In *American Museums and the Persuasive Impulse* Professor Ragsdale assesses American museums as means of visual persuasion He demonstrates that museums their contents and their manners of display are as capable of influencing visitors as speeches or advertisements and that an awareness of their social influence provides an insight into the cultural roles of museums The book considers a diverse array of museums ranging from such national cultural icons as the Metropolitan Museum of Art and the Art Institute to such city museums as the Philadelphia Museum of Art and the Los Angeles Country Museum of Art and includes separate chapters on museums devoted to modern and contemporary art and to the specialized collections of individual connoisseurs In addition to these primarily art museums Professor Ragsdale assesses museums devoted to collections such as the National Air and Space Museum and to commemoration and remembrance such as the National World War II Museum and the US Holocaust Memorial Museum *American Museums and the Persuasive Impulse* makes an important contribution to the theory of persuasion and to visual communication art history and museology It utilizes a theory of visual signs based on the semiotic theory of C S Peirce In so doing it demonstrates that museum buildings the art and other objects contained within them and the spaces used for display may all be thought of in terms of means of social influence

Saints and Sinners in the Sky: Astronomy, Religion and Art in Western Culture Michael Mendillo, 2022-04-04 In this book Boston University Professor of Astronomy Michael Mendillo takes readers deep into the annals of history showing how visual depictions of the heavens evolved in tandem with science and religion throughout much of Western culture With unprecedented scope and scale Professor Mendillo explores how cave art illuminated manuscripts sculptures paintings and architecture reflected some of the great religious and secular battles taking place over the course of centuries Enter a world of biblical proportions where constellations of ancient heroes and pagans were thoroughly recast as Christian saints and the Twelve Apostles This nontechnical narrative brings vitality and accessibility to some of the most enduring subjects in human history offering a lively new exploration of the visual connections between celestial phenomena and artistic expression Ever wonder how religion and art became forces of imagination on our night skies Or how the night skies became forces of imagination on our religion and art In this brilliant
