Tennessee Code Annotated Tennessee, 2013

Urban Youth and School Pushout Eve Tuck, 2012-03-15 Winner of the 2013 American Educational Studies Association s Critics Choice Award Recent efforts to reform urban high schools have been marked by the pursuit of ever increasing accountability policies most notably through the use of high stakes standardized testing mayoral control and secondary school exit exams Urban Youth and School Pushout excavates the unintended consequences of such policies on secondary school completion by focusing specifically on the use and over use of the GED credential Building on a tradition of critical theory and political economy of education author Eve Tuck offers a provocative analysis of how accountability tacitly and explicitly pushes out under performing students from the system By drawing on participatory action research as well as the work of indigenous scholars and theories this theoretically and empirically rich book illustrates urban public schooling as a dialectic of humiliating ironies and dangerous dignities Focusing on the experiences of youth who have been pushed out of their schools under the auspices of obtaining a GED Tuck reveals new insights on how urban youth view accountability schooling value the GED and yearn for multiple meaningful routes to graduation

Educational Technology and Narrative Brad Hokanson, Gregory Clinton, Karen Kaminski, 2017-12-09 This volume is the result of a 2016 research symposium sponsored by the Association for Educational Communications and Technology AECT focused on the growing theoretical areas of integrating story and narrative into educational design Narrative or storytelling is often used as a means for understanding conveying and remembering the events of our lives Our lives become a series of stories as we use narrative to structure our thinking stories that teach train socialize and create value The contributions in this volume examine stories and narrative in instructional design and offer a diverse exploration of instructional design and learning environments Among the topics discussed The narrative imperative creating a story telling culture in the classroom Narrative qualities of design argumentation Scenario based workplace training as storytelling Designing for adult learners metacognitive development narrative identity Using activity theory in designing science inquiry games Changing the narrative of school toward a neurocognitive redefinition of learning
