H. Wright [The Kingdom of God in Working Clothes](#) R. Paul Stevens, 2022-08-05 Work occupies most of our waking time whether it is in a factory office school or at home But unfortunately most people of faith separate

their working life from their worshipping life Dualism is a pernicious heresy that has infected believers worldwide namely that church work and missionary service are holy and our everyday work is secular In this timely volume Stevens explores the connection of the kingdom of God the master thought of Jesus with the marketplace Traditionally people have either related the kingdom of God God s new world coming either exclusively for the present or only for the distant future But it is both now and coming This gives meaning hope and endurance to our work in the world So daily labor in the marketplace gets reoriented through salty values and ingrained virtues We become double agent spies exploring the new world coming in everyday life We can also grapple helpfully with the resistance we face daily in the workplace There are many books on the kingdom of God and many on work Few have brought these two vital arenas of everyday service together It is indeed part of the good news

Return to the Parish David Horn, Jason R. McConnell, 2022-11-04 Return to the Parish The Pastor in the Public Square is a pastoral theology that challenges pastors to view their local community rather than their congregation as their primary sphere of ministry Too many churches have become insular by hoarding their resources including their pastors and trying to sustain their own survival instead of seeking the peace and prosperity of their town or city By breathing new life into an old idea of parish this book casts a vision for pastors and churches to actively engage their community with the gospel rather than simply perpetuate more programs inside the church It offers a new paradigm for pastoral ministry where pastors model and mobilize their churches to make disciples of Jesus Christ in the public square through community involvement and cultural engagement The book chronicles seven young pastors from diverse ministry contexts as they seek to become new parish pastors who lead their congregations into engaging various sectors of the public square business and workplace science and technology healthcare politics education the arts and multiethnic settings

The Influence of the Church on the Local Community Abraham G. Ndung'u, 2021-01-05 The church is called to be the agency through which God is not only known but through which his kingdom is also advanced This book therefore is an attempt to examine the church's influence on communities through social justice practices as part of advancing the gospel of the kingdom of God The book brings out results of a study about a congregation's significant impact on a local community through varied social justice programs The book also provides relevant recommendations on how such initiatives can be improved for a more effective kingdom driven ministry to local communities It is hoped that the example of J Jireh Ministry Church provides a case worthy of emulation by other churches congregations and similar faith based community organizations for ministering to social justice needs at the local level
