Nhliziyo Sr.,2014-04-10 This book makes the argument that humankind was placed here on earth to multiply fill the world and take dominion over all of Gods other creations A purpose driven life will necessarily align with these purposes A purpose driven life is one that is fulfilling Gods purposes How well we do this is the primary reason why some people have become very successful while others have failed Our spiritual side reflects our God connections and for the Christian it begins when one is born again While our purposes and the things that drive us may need adjustment after we are born again they do not change significantly They all have one common denominator and that is fulfilling our responsibilities as parents and doing that in obedience to God With this in mind it should not be difficult to answer the question what on earth am I doing here What drives our lives It is the need to provide for our children for adulthood comes with the obligation to find a life partner and begin multiplying and this is universal **Reflections of Innocence** Kevin Lavin,2001 Darkness Yielding Jim Cotter,Martyn Percy,Sylvia Sands,W. Restoring and Rebuilding a House Divided Vel Hobbs,2004 Immediacy and Reflection in Kierkegaard's Thought Paul Cruysberghs,Johan Taels,Karl Verstrynge,2003 We live in a reflective age That is Soren Kierkegaard s overall conclusion when evaluating the time he lives in But his appraisal contains both approval and criticism On the one hand reflection is a necessary category to deal with the dynamics and the qualities of the modern age on the other hand it bears a great danger It is Kierkegaard s firm conviction that reflection should always relate to a kind of immediacy that safeguards it from becoming hollow and detached from our existential reality Throughout the voluminous and complex work of Kierkegaard the notions of immediacy and reflection play a crucial role They appear in such an early work as From the Papers of One Still Living as well as in the late Anti Climacus writings and indeed their significance or influence can be felt in all philosophical texts published in between That is not to say that the meaning of the notions is unequivocal After all Kierkegaard not only uses the terms in very divergent contexts but his own understanding of them appears to evolve quite strongly in the course of his oeuvre Moreover in spite of their clearly philosophical character the two notions play an unmistakable role in Kierkegaard s understanding of religion They appear frequently in the religious discourses indeed In short Kierkegaard s use of the notions of immediacy and reflection covers a broad array of meanings and interpretations The dialectics of immediacy and reflection of reflection killing immediacy and raising the question of the possibility of a new immediacy is the main theme of Immediacy

and Reflection in Kierkegaard's Thought The book contains contributions authored by a number of well known Kierkegaard scholars Kierkegaard's theory of the existence spheres of life provides a first viewpoint on the interplay of immediacy and reflection Here the philosophical and pseudonymous writings are the main subject of research If on the other hand one pays a closer look at the significance of a second immediacy for a religious attitude to life The religious discourses come into play when the possibility of a second immediacy is taken into consideration In conclusion the theme of immediacy and reflection is connected to some important trends in the modern and contemporary era On the one hand it is linked to the philosophical influences Kierkegaard underwent e g from Hegel on the other hand Kierkegaard is confronted with later thinkers Heidegger in particular
