of Mania Kim Evans, 2011-06-01 Description These memories of mania are a first hand account of Kim's experiences of mental illness But as well as it being a time of mental illness it was also a time of great spiritual revelation for Kim During his mania he often felt guided by a higher power Those encounters with a warm benevolent and entertaining God have shaped Kim's outlook on life and spirituality is still an extremely important part of his life Kim's journey took him away from medicine to maths which had always been his best subject at school The abstractions of pure mathematics at university offered Kim exactly the sort of language he needed in order to attempt to articulate the wildly energetic and emotive thoughts that he experienced during his manic episodes One of the challenges Kim had to face during the seven years of his repeated hospitalisations was to accept his condition as an illness He found the highs of manic depression extremely alluring Kim experienced a profound sense of connection to the universe and to God when he was high and it was difficult for him to label these experiences as problematic For a long time Kim's obsession with the idea that he was Jesus refused to go away Some strange coincidences in his life fuelled this notion Kim interpreted these signs as part of a huge and complex symbolic message from God confirming his special role in the Creation This is the story of a bright young man whose experience of university life was dominated by his desire to find out about the workings of his own consciousness That journey took him into the murky waters of insanity but he survived the turbulent times and has used the insights he gained on the way to inform his own spirituality About the Author Kim Evans had a very successful time at school He played four musical instruments did karate played rugby for his school and sailed through his GCSEs and A levels At this stage there was nothing to indicate the chaos that would soon characterise his life It was at the end of his first year of medicine that Kim was first hospitalised He was extremely euphoric giving away money and talking of himself as the Second Coming The next seven years or so were characterised by peculiar unsettling mood swings during which Kim experienced the upswings of manic depression on about 15 occasions *Invisible No More* Renee Fisher, Joyce Kramer, Jean Peelen, 2005 *Invisible No More* The Secret Lives of Women Over 50 shares the illuminating personal experiences of three women who have faced the challenges of aging Authors Renee Joyce and Jean tell their three very individual stories of a journey to age fifty and beyond with grace humor and humility sparing no details in revealing their ordinary yet outrageous lives Believing that fifty is not merely an age marked by time or another milestone to cross Renee Joyce and Jean will inspire you to reevaluate the direction your own life is taking teach you to be open to taking risks and gently encourage you to seek the infinite possibilities that lie ahead of you The three authors speak candidly about several topics including Sexuality and the Big Five Oh Dating and Mating Physical
