High Noon in the Automotive Industry Helmut Becker, 2005-12-06 This book was born from curiosity To begin with it was the curiosity of an economist who studied in the 60 s in an environment which has subsequently developed from national into global economics Who has to recognize that politicians scholars and large segments of society oblivious to supranational authorities and economic globalization forces continue to labour under the notion that they are still fully autonomous and sovereign when shaping national economic policy And pretend as though their own national state were still the master in its own house that despite unbridled market economics could continue to dictate to the economy and companies how to live and in which rooms All that has become fiction The laws of globalization diminish the manoeuvring space for shaping national economic policy Even if many folks today don t want to hear it The issue is no longer achieving what is socially politically desirable for the own society but rather the optimal adaptation of society and social benefits to the politically practicable **Taste the Love** Karelia Stetz-Waters, Fay Stetz-Waters, 2025-07-15 A delicious heartwarming romantic comedy about big dreams life changing friendships and the people who bring out your best Six years ago eco chef Alice Sullivan and her culinary school rival almost gave into the burning tension between them But those kisses Just the heat of competition boiling over Sullivan never expected to see Kia after graduation until Kia crashes back into her life with a plan to buy Sullivan s beloved Portland greenspace Kia has worked hard building her social media empire as the big hearted glitter bomb queen of the food truck scene Now she s one step away from opening a foodie utopia for underrepresented culinary talents But Kia s plans catch the attention of a bulldozer happy food conglomerate and now both Kia and Sullivan s dreams are on the line When a legal loophole turns out to be the only way to save what they each love most they re left with one option pull off a very public fake marriage to obtain the deed to the land and keep their old rivalry under control As the line between fake and real love blurs can Kia and Sullivan set aside their differences and find the perfect recipe for happily ever after Torque ,2006-09 Singapore s best homegrown car magazine with an editorial dream team driving it We fuel the
