industrial revolution Never before in history have authors musicians artists and film producers been able to connect with massive online audiences and get funding for their creative work The outdated media gatekeepers are quickly disappearing You can now get funding directly from your fans and distribute your content online If you re a creative type this is the BEST time to be alive But it doesn t stop there This major change has also given rise to six and seven figure online businesses As a fellow entrepreneur I know that one of the most common excuses for not quitting your job and launching that startup company is because you don t have the money Now in a few short weeks you can have all of the capital you need to launch and grow a thriving ecommerce business It s no longer a crazy idea to pursue your passion In fact more and more millennials are doing just that I should know I m one of them When I first started blogging about Kickstarter in 2012 I had no idea that crowdfunding would become a multi billion dollar industry I was just a Junior in college writing a mini thesis on how different variables affected fundraising success on Kickstarter for you nerds out there it was a logistic regression Flash forward several years and I m now one of the top experts in the crowdfunding industry I started the blog CrowdCrux which did over one million views in 2015 I set up a forum called KickstarterForum which has attracted over six thousand members I even launched a popular podcast called Crowdfunding Demystified which has racked up more than 100 positive reviews in iTunes Finally I also put out training videos on YouTube and I am proud to say that the channel is experiencing rapid growth That all sounds impressive but actually when I first stumbled on the website Kickstarter I didn t have a clue how it worked It seemed super confusing and I had SO MANY questions Since 2012 I ve come to master the platform and discover the ins and outs of how crowdfunding really works I ve published many of my findings online and I ve been being linked to by sites like CNN The New York Times The Huffington Post and even The Wall Street Journal In this guide I m going to share with you the step by step launch strategy for absolutely crushing it on Kickstarter In no time at all you ll be raising money for your startup or creative project I ll make it super easy to copy and implement these tactics and strategies I ll also share some Jedi Mind Tricks that most marketers don t know about Before you know it you ll be a crowdfunding expert Now I bet you re thinking boy this all sounds like a lot of work Do I really have to learn all of this I just want to get funding for my project Truth be told it is A LOT to master which is why having the right teacher can make all of the difference I ll make sure that you master this material as quickly as possible so that you can stop fundraising and get back to doing what you love Either way whether you decide to run your own Kickstarter campaign or outsource certain aspects it pays to know what you re doing I want to help you smash your Kickstarter goal and then I hope you come on my podcast as a crowdfunding success story It s time to get serious about making that business you ve been dreaming about a reality It s finally time to get paid for your creative work Let s get started
