Inns and Outs of Fremantle Allen Graham, 2025-06-17 There is no town in Western Australia which has a richer history and heritage than Fremantle Established in 1829 it was where the first colonists to what was then called Swan River Colony first landed However the history of Fremantle cannot be told in isolation so any story about Fremantle is also a story about Western Australia and if storekeeping was the first occupation to be followed in the new colony then hotel keeping was the next Within six months of the colony being founded Fremantle had four hotels so this book traces the history of those early Fremantle hotels and how they and the hotels that followed shaped the culture and appearance of Fremantle today To know the history of those hotels is to know the history of Fremantle Part One of the trilogy covered the years 1829 1856 Part Two covers the years 1857 1890 and Part Three will cover the years 1891 1929 Part One received a High Commendation runner up in the 2024 Williams Lee Steere annual book of the year award run by the Royal Western Australian Historical Society and the judging panel wrote Inns and Outs is we believe the first in a series of books following the history of Fremantle's hotels and if they are anything like this first book WA will be fortunate indeed

Marriage Trafficking Kaye Quek,2018-03-09 This book examines the traffic in women for marriage a phenomenon that has been largely overlooked in international efforts to address the problem of human trafficking In contrast to current international and state based approaches to trafficking which tend to focus on sex trafficking and trafficking for forced labour this book seeks to establish how marriage as an institution is often implicated in the occurrence of trafficking in women The book aims firstly to establish why marriage has tended not to be included in dominant conceptions of trafficking in persons and secondly to determine whether certain types of marriage may constitute cases of human trafficking in and of themselves Through the use of case studies on forced marriage mail order bride MOB

marriage and Fundamentalist Mormon polygamy this book demonstrates that certain kinds of marriage may in fact constitute situations of trafficking in persons and together form the under recognised phenomenon of marriage trafficking In addition the book offers a new perspective on the types of harm involved in trafficking in women by developing a framework for identifying the particular abuses characteristic to marriage trafficking It argues that the traffic in women for marriage cannot be understood merely as a subset of sex trafficking or trafficking for forced labour but rather constitutes a distinctive form of trafficking in its own right This book will be of great interest to scholars and postgraduates working in the fields of human rights theory and institutions political science international law transnational crime trafficking in persons and feminist political theory
